# **The Single Plan for Student Achievement**

School:	Silver Springs High School
CDS Code:	29-66357-2930071
District:	Nevada Joint Union High School District
Principal:	Marty Mathiesen
<b>Revision Date:</b>	November 15, 2014

The Single Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

For additional information on school programs and how you may become involved locally, please contact the following person:

Contact Person:	Marty Mathiesen
Position:	Principal
Phone Number:	(530) 272-2635
Address:	140 Park Ave. Grass Valley, CA 95945
E-mail Address:	mmathiesen@njuhsd.com

The District Governing Board approved this revision of the SPSA on .

### **School Vision and Mission**

### Silver Springs High School's Vision and Mission Statements

Mission Statement:

We will recognize the individual talents and abilities of our students, promote academic and social competency, and develop productive citizens.

### **School Profile**

Silver Springs High School is our high school district's full day contination program and is housed in the main building on the Park Avenue Alternative Education Site. This site and program operates a Young Parents Program. Also, Head Start operates a full service Infant/Toddler Center on site. Our mission is to assist our students in their acquisition of a high school diploma, and our passion is inspiring life long learning. In addition to emphasis on the core curricular subjects, we offer limited elective and vocational classes. Our students may also enroll in ROP, as well as, earn elective credit through Work Experience Education if they are employed. Silver Springs also offers a variety of extra-curricular programs and activities. Parental input, communication and interation is encouraged and welcome.

### **Comprehensive Needs Assessment Components**

### Data Analysis

Please refer to the School and Student Performance Data section where an anaylisis is provided.

### <u>Surveys</u>

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

CHKS shows that only 1 in 5 students live in homes with two parents. 88% of our students feel that there are high expectations for them at Silver Springs. 86% believe that there are high expectations for them at school while 90% feel connected to school and adults at school. 44% are happy to be at school which we view as very positive since almost all students were defined as "failing" school as a reason they were sent to Silver Springs. 2/3rds feel that someone notices if they're not at school which is indicitive of a 140% increase in attendance, compared to this time last year. A little more that 2/3rd feel that they are praised for doing well and the same for people believing they'll be a success and 70% of students say that someone notices if they're upset.

Survey results that reveal barriers for growth are:

76% frequently use alcohol, 85% use marijuana, 22% use inhalants, 23% cocaine, 1 in 10 have used meth, 2 of 5 have used Ectasy, 2% herion, and nearly hall have used some type of prescription pill or illegal pills.

83% of our students have used alcohol before the age of 14.

2/3rds began using marijuana between the ages of 10 and 14

almost hafl of our students have been binge drinking in the past 30 days and,

2 of 5 students have mixed alcohol and drugs to get high

47% drink on a weekly basis and 17% use every day or at least every three days

47% smoke pot daily or every other day

82% use until they get high or drunk; excessive

46% have been "heavy drinking" in the past 30 days

58% of our kids drink solely to get drunk; not socially

- 70% use drugs to get really high; (escape?)
- 45% have driven under the influence of drugs or alcohol
- 14% have used marijuana on school property in past 30 days, 86% haven't

13% have used drugs on school property

60% have been drunk or high on campus 73% of our students don't think using marijuana is a problem or harmful about a third of our students think that 90% of their peers smoke marijuana 2 of 5 believe that 100% (everyone) smokes marijuana 45% of our kids say that their parents "don't think there anything wrong wtih smoking pot" 18% say that drugs kept them from getting to school 17% have to be under the influence to feel "normal" 20% don't want to use, but use anyway 34% use drugs or drink by themselves 70% say it's easy to get alcohol and 78% say the same thing about marijuana 32% have been offered drugs at school 69% have smoked cigarettes before the age of 14 and 34% have tried smokeless tobacco before 14 years old 45% smoke daily and 61 % smoke at least some consistently and only 39 % disapprove of smoking and, 57% of our kids think that 4 of 5 kids smoke some Safety/harassment/bullying 38% have had rumors spread about them and 76% have been made fun of because of the way they look 21% have been physically pushed, shoved or hit, 20% are afraid that they might be and 18% have been in a fight 15% have damaged school property on purpose and 85% have not

7% have carried a gun at school and half of that 7% have done it more than once

11% have had some type of other weapon and 15% of them have done it more than once

34% said they've seen another kid with a weapon and 10% say they've been threatened with a weapon

only 37% don't approve of "having a weapon at school"

15% have been harrassed for hate crime reasons (race, religion, gender, mental/physical disability)

21% have been involved in gangs

58% feel safe at school; 9% don't.... others no comment either way

28% have been cyber bullied

92% students are free and reduced, yet only 51% eat breakfast.... worst of all, 49% say they "don't eat".

49% experience hopeless feelings

21% have been forced into unwanted sexual intercourse

25% of our students have IEP's or 504's 41 IEP's 20 504's, and 25 SAM/SARB

good news = suspensions 2012 1st semester = 531 days 2013 1st semester 383 148 days less (ADA :) ) 140% attendance compared to same time last year

#### **Classroom Observations**

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

All teachers are formally evaluated every two years. Each teacher at Park Avenue/Silver Springs is evaluated by the principal. The principal meets with each teacher due for evaluation for a pre-conference to explain the process, expectations and any areas of need for the teacher. The principal also defines and communicates site and district wide goals to the teacher. The principal then makes a minimum of two "bell-to-bell" observations, both of which give feed back on all six of the teaching standards. The final evaluation is made, written and then discussed with the teacher. In the final meeting, the principal and teacher designate and define goals for the teacher.

All teaching staff are using "kick-offs" to begin class and all teachers are also directing students to complete a common student assessment on their performance at the end of each class period. Every Wednesday is Literacy day where each teacher provides a short reading excerpt that students read and summarize to improve reading comprehension. Peer coaching has also been initiated. All staff meets for collaboration every Monday for approximately one hour.

### Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

### Standards, Assessment, and Accountability

1. Use of state and local assessments to modify instruction and improve student achievement (ESEA)

STAR and CAHSEE testing results, combined with course chapter and summative assessments are used to modify instruction for student achievement.

2. Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Course chapter and summative assessments, together with STAR and CAHSEE results, are used to modify instruction for reteaching and student mastery.

### Staffing and Professional Development

3. Status of meeting requirements for highly qualified staff (ESEA)

All staff are highly qualified. One staff member is in her final year of BTSA certification.

4. Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Ongoing staff development at the district level for transition to Common Core instruction and assessment. Sufficient instructional materials are available for staff. State adopted and approved curriculum is used in all courses.

5. Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Ongoing staff development at the district level, and individual staff development by content area and individual staff need is adequate and available by request. All staff participated in district-wide Common Core training offered over four different days. Further district-wide staff development at least one day a year to address specific content area needs.

6. Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Individual attendance at regional conferences and training is available (Work Experience Training, Work Permit training, Classroom behavior and management training, Sources of Strength and Reconnecting Youth training). Peer coaching is in place on site. Instructional coaches for both content areas and common core available at the district level.

7. Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate weekly for 1 hour. Collaborations vary dependent upon need at that time (whole staff or by department).

### Teaching and Learning

8. Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

All courses are taught through state adopted texts and teacher created materials and are aligned with the state content standards. All courses meet the requirements for high school graduation. All teachers instruct for mastery and for testing proficient on state assessments (STAR). Students who do not pass the CAHSEE are enrolled in CAHSEE prep courses to remediate deficiencies so that students are then able to pass the test.

9. Adherence to recommended instructional minutes for reading/language arts and mathematics (K-8) (EPC)

N/A

10. Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

N/A

11. Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All student groups are provided with standards-based instructional materials for all courses. Socioeconomic is our largest sub group and our standards-based materials are appropriate for their learning needs. Low achieving and remedial students also have access to supported studies and programs like Read 180 and Skillstutor for remediation.

12. Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All core courses are aligned with state content standards. All students are enrolled in necessary core courses to fulfill state and district graduation requirements.

#### **Opportunity and Equal Educational Access**

13. Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Title I support services are offered through push-in instructional aide support. Supported studies courses are embedded into the schedules of students with IEPs. Daily nutrition through breakfast and lunch are available for all students who qualify for free and reduced lunch. CAHSEE prep courses and credit recovery courses are available for all core content areas.

14. Research-based educational practices to raise student achievement

Differentiated curriculum and instruction, cooperative learning, project based learning, online learning, whole group instruction and small group instruction.

#### Parental Involvement

15. Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Free and reduced breakfast and lunch, behavioral health, school crisis counselor, case manager for young parents, Independent Living Coordinators for students with IEPs, support from local church to provide meals and support, on campus drug diversion classes, 12-step daily meeting on campus, Gay Straight Alliance, Sources of Strength, Reconnecting Youth, school clothes closet, program for homeless youth, girls' group, anger management groups. 16. Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

### Funding

- 17. Services provided by categorical funds that enable underperforming students to meet standards (ESEA)
- 18. Fiscal support (EPC)

### **Description of Barriers and Related School Goals**

Substance abuse and tobacco addiction are substantial barriers having serious impact on student decision making and overall school culture. To address this challenge we have taken "aggressive observation" techniques as a staff increasing supervision and improving communication of information related to student behavior, discipline and consequences.

Attendance is a definite barrier to school goals, although diligence and increased use of attendance monitoring programs (SAM/SARB) has substantially increased overall attendance.

Overall, student behavior has been a challenge for a long time. Beginning this year, we have aggressively addressed student use of profanity, dress code issues, as well as drugj, alcohol and tobacco use. This has resulted in less drug, alcohol, and tobacco offenses. Additionall, students do not have off-campus privileges during lunch unless they have earned full credits during the last grading period. This has resulted in more students achieving full credit and less students using drugs or tobacco at lunch with tighter restrictions and increased supervision.

#### Conclusions based on this data:

- 1. Our target growth was 551, a 13 point increase over 538. We actually had a 3 point loss for an API of 535.
- 2. Our socioeconomically disadvantaged students (95% of our students) had an increase of 11 API points, from 533 to 544.
- 3. Our students with disabilities (15% of our students) had a gain of 139 points from 2011.

Network with local community							
Bi-weekly meetings between principal and law enforcement agencies							

#### School Goal #7

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index (API) and adequate yearly progress growth (AYP) targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

SUBJECT:
LEA GOAL:
SCHOOL GOAL #7:
Develop a structure to provide students exposure to career exploration including a career fair held at Silver Springs High School job shadowing and to begin to design a structure for job apprenticeships and work experience.
Data Used to Form this Goal:
AYP/Graduation rates
Findings from the Analysis of this Data:
Career and post-secondary exposure has had positive impacts on graduation rates.
How the School will Evaluate the Progress of this Goal:
quarter grades, progress reports, attendance data and graduation rates, enrollment in work experience education and post-secondary enrollment.

Actions to be Taken	Timeline	Proposed Expenditure(s)				
to Reach This Goal		Responsible	Description	Туре	Funding Source	Amount
Bring in community business people to meet with students, and share their experiences and knowledge regarding their field of business	Spring 2015					
initiate job shadowing for students	Spring 2015					
provide career fair on site	Spring 2015					

Actions to be Taken	II	Person(s)		Proposed Expe	enditure(s)	
to Reach This Goal	Timeline	Responsible	Description	Туре	Funding Source	Amount
Partnership with Sierra College, both locally and with main campus in Rocklin, CA						
Student field trip and orientations						
Sierra College counselors meet with students to help with online registration, orientation and financial aid support						
Weekly support from district scholarship coordinator						
Ongoing support provided at school site through senior classes						

#### School Goal #8

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index (API) and adequate yearly progress growth (AYP) targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

SUBJECT:
LEA GOAL:
SCHOOL GOAL #8:
Reduce suspension rates by number of days and incidents
Data Used to Form this Goal:
School data system
Findings from the Analysis of this Data:
We have reduced the number of suspensions compared to last year at this time, from 2, 525 to 1, 638 class periods of suspension. This is a decrease of 887 periods which translates into 148 days of attendance.
How the School will Evaluate the Progress of this Goal:

number of students that attain full credit during each grading period and, therefore; obtain off-campus (restricted) during lunch period

Actions to be Taken		Person(s)		Proposed Expe	nditure(s)	
to Reach This Goal	Timeline	Responsible	Description	Туре	Funding Source	Amount
Close Campus modifications		Principal				
Increased supervision						
Staff development regarding establishing consistent approach to discipline						
Supervised extra curricular activities						
Professional partnerships						
Supervised lunch time activities						
Addition of competitive sports teams to build morale and school culture						
Provide stipend for Activities Director						
Increased collaboration between student council and administration on policy and procedures						

### School Goal #9

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index (API) and adequate yearly progress growth (AYP) targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

SUBJECT:
LEA GOAL:
SCHOOL GOAL #9:
Increase student attendance
Data Used to Form this Goal:
Attendance rates / reports
Findings from the Analysis of this Data:
:Last year at this time, we had 41, 318 periods present. This year, we have 49, 632 periods present. This is an improvement of 8,314 periods present, or 1, 386 days of attendance.
How the School will Evaluate the Progress of this Goal:
school data system and state reporting

Actions to be Taken to Reach This Goal		Person(s)	Proposed Expenditure(s)				
	Timeline	Responsible	Description	Туре	Funding Source	Amount	
Increased frequency of communication with truant students		Principal/ attendance clerk					
Home visits and phone calls							
SARB committee utilization							
SAM committee utilization							
Roll taken every period by teaching staff							
The Single Plan for Student Achievement			41 of 54			2/5/15	

#### School Goal #10

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index (API) and adequate yearly progress growth (AYP) targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

### **Total Expenditures by Goal**

Goal Number	Total Expenditures
Goal 1	

## School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
Marty Mathiesen	Х				
Tamara Haas		x			
Kris Youngman			х		
Randy Fields			х		
Lesa St.Germain			х		
Dana Deily			х		
Connie Higgenbothin				х	
Zorana Kaestner					х
Numbers of members of each category:	1	2	4	1	

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

### **Recommendations and Assurances**

The school site council (SSC) recommends this school plan and Proposed Expenditure(s)s to the district governing board for approval and assures the board of the following:

- 1. The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.
- 2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the Single Plan for Student Achievement (SPSA) requiring board approval.
- 3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan (Check those that apply):

State Compensatory Education Advisory Committee	
	Signature
English Learner Advisory Committee	
	Signature
Special Education Advisory Committee	
	Signature
Gifted and Talented Education Program Advisory Committee	
	Signature
District/School Liaison Team for schools in Program Improvement	
	Signature
Compensatory Education Advisory Committee	
	Signature
Departmental Advisory Committee (secondary)	
	Signature
Other committees established by the school or district (list):	
	Signature

- 4. The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.
- 5. This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

6. This SPSA was adopted by the SSC at a public meeting on January 17, 2012.
