2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

| SARC Overview | By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office. |
|---|---|
| DataQuest | DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). |
| California School Dashboard | The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. |
| Internet Access | Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents. |

2022-23 School Overview

North Point Academy (NPA) is a public alternative high school of choice. NPA provides instruction through independent study and offers students in grades 9-12 the complete core curriculum required to earn a high school diploma. Students are scheduled to meet with teachers for 60 minutes each week (parents are welcome to attend these appointments). Students regularly make use of the fully equipped, and professionally staffed, computer lab to complete their online coursework. In addition, students often come in to the school throughout the week to attend one or more of the math, English, science, or social studies, to receive personalized tutoring. Staff designs personalized programs to match each student's goals, desires, and schedules. The independent study format offers flexibility for each student's individual needs. All NPA students will have access to systematic and universal supports that allow them to achieve their post-secondary aspirations.

North Point Academy is fully accredited by the Western Association of Schools and Colleges (WASC) and offers many UC approved courses in English, History, Economics, Government, Algebra and Geometry. Additionally, students can enroll in work experience education. Our district allows qualified students enrolled in North Point Academy to concurrently enroll in one or two classes at the comprehensive sites on a space available basis. Students may be allowed to enroll in Academic Enrichment coursework at Sierra College. All students have access to Nevada Joint Union District programs and services.

North Point Academy schoolwide learning outcomes: Students: will have an individualized learning plan which will guide and empower students thorough their course work to achieve their identified post-secondary goals; will usetechnology appropriately and will engage in a variety of applications; will feel safe and secure; are self-directed learners who understand expectations and are held accountable for their learning; will demonstrate critical thinking skills through writing, speaking, listening, and reading in all subject areas.

The mission of North Point Academy is to provide each student with focused and relevant learning opportunities through individualized learning plans. The vision of NPA is to prepare and inspire each student to achieve his or her post-secondary aspirations.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The staff at North Point Academy believes that a safe, attractive, and adequate school campus is essential to the success of the learning process. A diligent effort is made to ensure that all students feel comfortable in the environment we provide for them. The campus is clean and the grounds are well maintained.
NPA is co located at Nevada Union High school. The District passed a $47M facility's bond in late 2016. All projects will be prioritized through board approval and consultation with the bond over site committee in looking at the district modernization plan. NPA is collocated @ Nevada union HS Campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
   The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

The North Point Academy offers students access to Career Technical Education (CTE) courses throughout the District. CTE program sequences typically has three parts: 1) a foundation course, 2) one or more intermediate courses, and 3) a capstone course. Classes may be eligible for college credit through the district's articulation with community colleges. Courses may also meet the "a-g" college entrance requirements for preparation into the UC and/or CSU system. A coherent sequence allows students to move through courses in an organized manner to facilitate the students' mastery of standards and sometimes provides opportunities to earn industry certifications.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents are encouraged to attend their student's weekly meeting with their teacher and are informed of their progress via phone, cell, text, email, and USPS. Parents and students may also become involved in the school community through membership in the school site council. Parents may accompany their students on field trips and college/career exploration activities. Yearly, parents participate in graduation. Parents are closely connected to the school through the personalized

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

North Point Academy, in conjunction with the Nevada Joint Union High School District, the Grass Valley Police Department, the Nevada County Sheriff's department, and other local agencies have adopted a comprehensive school safety plan. This school safety plan is regularly reviewed and if necessary, revised annually. Key elements of the plan include warning signals to indicate classroom and school lock-downs, fires,and shelter-in-place incidents. All staff receives training in each of the above scenarios as well as having recent CPR and First Aid training. In addition, each classroom is equipped with an Emergency Preparedness Guide and Emergency Bag, complete with instructions on how to treat potential emergencies and a map with evacuation plans. Date of last review/update of the comprehensive plan was in the spring of 2022.

Professional Development

Areas of focus for the NPA staff in 2021-2022 are continued training in Mental Health and Trauma Informed Learning Practices. In addition, staff is involved in CAASPP test preparation strategies. The teacher professional development occurs on District Professional Development Days and are followed up by discussion in the biweekly staff Focus on Student Learning sessions. Teachers are supported during implementation through our intervention specialist and department head coaching.

This table displays the number of school days dedicated to staff development and continuous improvement.
