ADDENDUM 002

Bear River High School Modernization Phase One
Nevada Joint Union High School District

April 11, 2020

Addition #1

Refer to Sheet A2.4 of the plans. Demolition scope in the existing corridor “D100” shall include the removal of all existing gypsum wall board wall finishes and wood wainscot finishes and trim.

Clarification #1

Refer to Sheet A9.4a of the plans. All wall finishes, gypsum wall board, wood wainscoting, vinyl fabric, wood trim etc shown in all elevations of corridor “D100” are new finishes.

Clarification #2

Civil engineering electronic base files are attached to the transmittal of this addendum, should one or more of the bidding contractors choose to use these files for the purposes of estimating the earthwork quantities for the project.
