

Get Tested

Two OptumServe testing sites are available in Grass Valley and the Town of Truckee. **Symptomatic or asymptomatic can be tested.** Insured, underinsured, and uninsured are welcome.

You must **pre-register and schedule an appointment at <https://www.lhi.care/covidtesting> or call 888-634-1123.** Please have your appointment authorization number when you arrive at the testing site. Appointments are available Monday-Friday, 7:00am to 7:00pm in the Town of Truckee and in Grass Valley.

Tests can also still be conducted by doctors' offices too, but **you do not need your physician's approval to be tested at the OptumServe site.** Call your primary care physician before physically going to the doctor.

Please note that return time for results may vary and can be expected within 2-7 days.

- If you do not have a primary care physician, please call our Coronavirus Call Center through Connecting Point by dialing 2-1-1 or 1-833-DIAL211 to talk with a call center representative. The call center representatives at 211 can help with all non-emergency and non-medical inquiries.

OptumServe Testing Site Locations
