

Bear River High School Ghidotti Early College High School Nevada Union High School North Point Academy NU Tech Silver Springs High School

Dear Students, Parents / Guardians, and Community members -

The effects and implications associated with the Coronavirus and COVID-19 continue to increase exponentially. In response, the Nevada Joint Union High School District (district) is issuing the attached directives regarding district sponsored and site based field trips, activities, travel, and other on campus events / meetings. These are effective Friday, March 13 and have been communicated to all district staff.

The safety and well-being of our students, families, and staff continues to be our top priority. The district continues to be in daily / hourly contact with the county public health officials and the Nevada County Superintendent of Schools office. In addition, district staff at all of our campuses continue to maintain heightened cleaning, disinfecting, and health protocols. The district is taking all possible steps to mitigate the local effects of the virus, but also maintain as much instructional continuity as possible.

We strongly recommend that students continue to attend school utilizing recently instituted social distancing and hygiene protocols. A decision to close a campus or further curtail activities will be executed with the input and guidance from local public health officials. We have no indication of taking such actions at this time. However, issues and conditions associated with the virus change rapidly by the day. The district will continue to communicate information and possible actions as soon as possible.

Please direct questions and/or concerns regarding student attendance and participation in school related activities to your individual school sites. Some events and activities will require case by case review and decision making by site and district leadership.

The rapid spread of the Coronavirus and COVID-19 has created significant challenges and stresses for our community. I thank you for your thoughtful and calm response to this unprecedented worldwide event.

Sincerely,

Brett W. McFadden
NJUHSD Superintendent
