PREFACE	VIII
Survey Module Administration	1
A. Core Module Results	2
1. Survey Sample	2
2. Summary of Key Indicators	3
3. Demographics	4
4. School Performance, Supports, and Engagement	11
5. School Violence, Victimization, and Safety	21
6. Alcohol and Other Drug Use	28
7. Tobacco Use	41
8. Other Physical and Mental Health Risks	48
9. Race/Ethnic Breakdowns	50
10. Gender Breakdowns	57
B. Alcohol and Other Drugs (AOD) Module	59
1. Module Sample	59
2. Summary of Key Indicators	60
3. Alcohol, Tobacco, and Marijuana Consumption Patterns	61
4. Reasons for and Consequences of AOD Consumption	64
5. Supports to Reduce AOD Use	68
6. Availability	69
7. Influences on ATOD Use	71
G. Drug-Free Communities (DFC) Module	75
1. Module Sample	75
2. Prescription Drug Use	76
3. Disapproval of Prescription Drug Use	77
4. Perceived Harm from Marijuana and Prescription Drug Use	78
N. School Climate Module	79
1. Module Sample	79
2. Key Indicators of School Climate	80
3. Supports for Learning & Student Academic Engagement	81

4. Fairness and Respect for Diversity	86
5. Disciplinary Environment	90
6. Student Peer Relationships	92
7. Social and Emotional Learning	93
8. School Anti-Bullying Climate	95
9. College and Career Planning	97
10. School Physical Environment	98
11. Scheduled Lunch and Drinkable Water	100

ALERT

Categories "High," "Moderate," and "Low" for scales are no longer included on the report. If districts or schools need results on these categories, please contact your Technical Advisor.

This report provides the detailed results for each question from the 2019-20 *California Healthy Kids Survey* (CHKS) for schools within the district. The CHKS, along with its two companion surveys—the *California School Staff Survey* (CSSS) and the *California School Parent Survey* (CSPS)—form the California Department of Education's *California School Climate, Health, and Learning Survey* (CalSCHLS) System. CalSCHLS is the largest, most comprehensive effort in the nation to regularly assess students, staff, and parents at the local level to provide key data on school climate and safety, learning supports and barriers, stakeholder engagement, and youth development, health, and well-being. Exhibit 1, at the end of the Preface, presents the major school-related domains and constructs assessed by CalSCHLS. Appendix I lists the schools that administered the survey in the district and their response rates; Appendix II provides more information about CHKS questions.

These surveys grew out of the California Department of Education's (CDE) commitment to helping schools promote the successful cognitive, social, emotional, and physical development of all students; create more positive, engaging school environments; and ensure college and career readiness. They provide a wealth of information to guide school improvement and **Local Control and Accountability Plan** (LCAP) efforts, particularly in regard to the state priorities of enhancing school climate, pupil engagement, parent involvement, and addressing the needs of vulnerable groups.

Factsheets, guidebooks, and other resources to help in understanding and using CHKS results are available for downloading from the CalSCHLS website (<u>calschls.org</u>), including *Helpful Resources for Local Control and Accountability Plans* (<u>calschls.org/docs/lcap_cal_schls.pdf</u>). The California Safe and Supportive Schools website (<u>californiaS3.wested.org</u>) provides information and tools helpful in implementing effective strategies to address the needs identified by the survey.

The CalSCHLS Regional Centers offer a Data Workshop to help identify local needs and develop action plans to meet those needs, including a *Listening to Students Workshop* for involving student voice in the process (see below).

THE SURVEY

CDE has funded the CHKS since 1997 to provide data to assist schools in: (1) fostering safe and supportive school climates, social-emotional competencies, and engagement in learning; (2) preventing youth healthrisk behaviors and other barriers to academic achievement; and (3) promoting positive youth development, resilience, and well-being. A thorough understanding of the scope and nature of student behaviors, attitudes, experiences, and supports is essential for guiding school improvement and academic, prevention, and health programs. Appendix II is a brief guide to key CHKS Core Module indicators designed to help survey users more easily understand and interpret their findings.

The CHKS is not just a standalone instrument but a data collection system that districts can customize to meet local needs and interests. The secondary-school CHKS consists of a required general Core Module and a series of optional, supplementary topic-focused modules that districts can elect to administer. Districts may also add their own questions of local interest in a custom module. Table 1 indicates the modules administered by the district/school.

Core Module

As summarized in Appendix II, the Core Module consists of key questions, identified by an expert advisory committee, that are considered most important for schools to guide improvement of academic, health, and prevention programs and promote student achievement, college and career readiness, positive development, and well-being. The majority of the questions are school-specific, including the following indicators:

- student grades, truancy, attendance, academic motivation, and school connectedness, as indicators of engagement;
- developmental supports (protective factors) that promote positive academic, social, and emotional outcomes: experiences of caring adult relationships, high expectations, and opportunities for meaningful participation at school;
- perceived school safety, bullying, and victimization; and
- violence perpetration, substance use, and crime-related behavior (e.g., weapons possession).

The Core Module also assesses the scope and nature of substance use and includes two key indicators of mental health: chronic sadness and contemplation of suicide. These questions provide insight into important barriers to learning and development.

A wide range of demographic questions help districts identify and address the needs of significant and vulnerable student subgroups, including those required to be included in LCAP efforts. These subgroups include race/ethnicity, gender, and socioeconomic status; homeless and foster status; and English language proficiency.

What's New? For 2018-19, the following improvements were made to the Core Module:

- Added a sleep duration question to help assess nighttime sleep quality
- Added the high school suicide ideation question to the middle school survey
- Modified wording of two e-cigarette questions about perceived harm from use
- Added "Juul" as an example on the e-cigarette use questions

In 2019-20, questions were added or modified to assess opioid use, tranquilizer use, exposure to second-hand smoke or vapor at school, vape quitting attempts, and knowledge of school policies banning tobacco use and vaping on school property.

School Climate Module (Supplementary)

To further support school improvement efforts and the LCAP process, a supplementary School Climate Module is available. It provides additional data on student academic mindset, school academic supports, discipline/order, supports for social-emotional learning, bullying prevention, peer relationships, respect for diversity, and the quality of the physical environment (<u>calschls.org/survey-administration/downloads/#ssm_sc</u>). These questions are also included in the staff survey to provide a more comprehensive picture of stakeholder perceptions and how the perceptions of students and staff differ from each other.

Social Emotional Health Module (Supplementary)

The Social Emotional Health Module (SEHM) greatly enhances the value of the CHKS as a strength-based assessment of positive emotions, engagement, ability to build and maintain relationships, and other social-emotional capacities linked to student mental health and well-being, academic success, and college and career readiness. It includes 56 items that capture core adolescent psychological assets. The combination of the SEHM and Core Module yields a comprehensive set of data to inform decisions about mental health and social-emotional learning programs.

SURVEY ADMINISTRATION AND SAMPLE

School staff administered the survey, following detailed instructions provided by CDE that were designed to assure the protection of all student and parental rights to privacy and to maintain confidentiality. Students were surveyed only with the consent of parents or guardians. Each student's participation was voluntary, anonymous, and confidential.

- Table A1.1 describes the target sample of students and the final number and percent of students who completed the survey (the participation response rate).
- Appendix I lists all the secondary schools in the district that were eligible to participate in the survey and the percentage of their enrolled students that completed the survey (included in the district report).

PUBLIC ONLINE DATA DASHBOARD

The most recent state representative and district CHKS results can be examined on the CalSCHLS Data Dashboard (calschls.org/reports-data/dashboard/). The dashboard can be used to graphically display statewide and district key indicators from the Core and School Climate Module, trends over time, and disparities in survey outcomes across subgroups. Subgroup differences by gender, race/ethnicity, parental education, parent military status, homeless status, afterschool participation, gender identity, and sexual orientation can be examined. In addition, results can be displayed for English learners, free and reduced-priced meal eligible students, and foster youth – three important LCAP priority subgroups. In addition to displaying results interactively on the web, dashboard results can be exported as Image and PDF files for dissemination. District data are publicly posted on the dashboard by the end of November of the year following survey administration.

New in 2019! EXPLORE RESULTS ON THE DISTRICT CALSCHLS DATA DASHBOARD

Districts may purchase a two-year subscription to a password protected, private data dashboard that displays up to seven years of CalSCHLS data at the district level and individual school level. The dashboard provides designated staff with graphical data displays for the district as a whole, for all schools in the district on the same page to enable comparisons across schools, and for a single, individual school. At both the district and school level, viewers can:

- compare their data with district and state averages;
- make comparisons across subgroups such as race/ethnicity, sexual orientation, gender identity, and afterschool participation; and
- examine data trends over time overall and by subgroup.

Viewers at both the district level and the school level have the option to download data displays as a PDF document which can be shared with stakeholders.

THE REPORT

The report tables, organized by topic, provide the percentage of students that responded to each question response option by grade level.

Racial/Ethnic and Gender Results

In this report, summary tables provide key findings (e.g., safety, harassment, developmental supports, school connectedness) disaggregated by race/ethnic categories and gender. Districts can subscribe to the District CalSCHLS data dashboard to disaggregate all their CHKS results by the race/ethnicity or gender of students or by other demographic categories.

UNDERSTANDING THE DATA

Care must be taken to understand the factors that can impact the quality, validity, and generalizability of the results. These include changes that occur in survey content, administration, and/or sample characteristics between administrations. The following are a few of the key issues that should be kept in mind.

Representativeness

Among the most important factors affecting the quality of survey results is the level and type of student participation. The validity and representativeness of the results will be adversely affected if the student response rate is lower than 70 percent. One indication of the survey's representativeness is how accurately the sample reflects the gender and ethnic composition of the student enrollment. Even if the response rate is low, the results provide an indication of what those students who did respond felt about the school and their experiences and behavior.

Changes Between Survey Administrations

Many factors besides real changes in behavior, attitudes, or experiences among students may account for changes in results from administration to administration. Changes may be due to differences over time in the characteristics or size of the sample of students who completed the survey, changes in the questions themselves, or differences between time periods in which the survey was administered (e.g., some risk behaviors tend to increase as students age, or may increase during holidays or social events).

RESOURCES

<u>CalSCHLS.org</u> contains numerous guidebooks and other resources for using and understanding survey results.

- CHKS **factsheets** analyze key topics at the state level, show how data variables are related, and offer suggestions for how data can be analyzed at the local level (calschls.org/resources/factsheets/).
- Assessing School Climate describes the value of the CalSCHLS student, staff, and parent surveys for assessing school climate, listing constructs and individual indicators (data.calschls.org/resources/Cal-SCHLS_AssessingClimate2013-14.pdf).
- *Making Sense of School Climate* provides a discussion of CalSCHLS survey items that relate to school climate (<u>data.calschls.org/resources/S3_schoolclimateguidebook_final.pdf</u>).

- Using CalSCHLS to Assess Social-Emotional Learning and Health describes how the CHKS Core and SEHM module provide a comprehensive profile of student social-emotional competency (learning) and health, and the related supports schools provide, including questions aligned with the framework developed by the Collaborative for Academic, Social, and Emotional Learning (CASEL) (data.calschls.org/resources/CalSCHLS_AssessSELH.pdf). The staff survey provides data on the perception of adults in the school on social-emotional service needs and provision.
- *Helpful Resources for Local Control and Accountability Plans* describes how survey items align with LCAP priorities and indicators (<u>calschls.org/docs/lcap_cal_schls.pdf</u>). Also available is an LCAP-related PowerPoint presentation (<u>calschls.org/site/assets/files/1036/cal-schls-lcap_schoolclimatev6-1.pptx</u>).
- The *School Climate Connection Newsletter* provides monthly announcements of resources, tools, webinars and workshops, and research. Sign up on <u>calschls.org/about</u>.
- CDE's **California Safe and Supportive Schools** website (<u>CaliforniaS3.wested.org</u>) contains a wealth of information and tools related to school climate improvement and social-emotional learning. It includes factsheets analyzing CalSCHLS data and *What Works Briefs* that provide guidance on strategies to implement.
- The **CalSCHLS Item Crosswalk** (<u>calschls.org/resources/#resources_and_tools</u>) is a handy table listing all the constructs and questions that are on two or more of the CalSCHLS surveys, along with the report table number where results can be found, to assist in the comparison of findings among students, staff, and parents.

NEXT STEPS

Receiving this report is just a beginning step in a data-driven decision-making process of continuous improvement. The following describes some additional steps you should take and some custom services (additional fees apply) available from the CalSCHLS Regional Centers. These will help in fostering effective use of the results and provide additional information to support school and program improvement efforts and the LCAP process.

Engage Students, Staff, and Parents in Reviewing the Results and Action Planning

Engage students, parents, and school/community stakeholders in reviewing and exploring the meaning of the results. Obtain their input into how the school might better meet the identified needs. Engage them in developing a detailed action plan to guide school/community collaborative efforts. This communicates to stakeholders that you value their input into how to improve the school/community and gives them an opportunity for meaningful participation.

As part of this process, it is highly recommended that you conduct a structured *Listening to Students Workshop* designed to explore with students—as staff observe—the meaning of survey results and obtain student input on how to address the needs identified by the survey. WestEd staff also can conduct a *Data Workshop* designed to identify local needs based on the survey results and engage adult stakeholders in developing a detailed plan and timetable for meeting those needs using evidence-based strategies. For more information, contact your CalSCHLS Regional Center 888.841.7536 or email <u>CalSCHLS@wested.org.</u>

Compare Results with Other Data

The value of your CHKS results will be greatly enhanced if examined in the context of the following sources of related data.

- Staff and Parent Surveys. If your school district has administered the CalSCHLS school staff and parent surveys, obtain these results and compare them to those provided by students. It is important to determine how consistent are student, staff, and parent perceptions and experiences. To facilitate these comparisons, the CalSCHLS Item Crosswalk (calschls.org/resources/#resources and tools) lists all the constructs and questions that are on two or more of the CalSCHLS surveys, along with the report table number where results can be found. If your district did not administer these companion surveys, urge them to do so next time.
- Elementary CHKS Results. Examine how the results from 9th and 11th graders compare with those from 5th and 7th graders if your district also administered the CHKS at these school levels. The elementary, middle, and high school surveys contain common indicators that will enable you to gain a sense of the developmental trajectory in these indicators and explore what programs at the elementary and middle school levels might help mitigate problems that are evident among older students.
- Other Data. Examine how the results compare with other youth data collected within the district that relate to the variables assessed. Other relevant school-related data include discipline referrals, school demographic information, school vandalism costs, and behavioral observations in classrooms.
- Similar District and Statewide Results. The results from the biennial state administration of the CHKS, which provide representative state norms, can be downloaded from the CalSCHLS website (data.calschls.org/resources/Biennial_State_1517.pdf) or examined on the CalSCHLS Data Dashboard (calschls.org/reports-data/dashboard/). If there is a school district that you consider similar to your own, you can also check to see if they have administered the survey and download the results for comparison (calschls.org/reports-data/search-lea-reports/). How you compare to state and district results can provide some context for your results, but the most important consideration is what your own results say about the students in your school/community.

Data Workshop

To assist in your review of the survey results, you can request your CalSCHLS Regional Center to conduct a structured, customized *Data Workshop*. In this workshop, a survey specialist works with district stakeholders to promote better understanding of the results and to identify local needs that need to be addressed. The workshops can also include engaging stakeholders in developing a detailed Action Plan and timetable for meeting those needs using evidence-based strategies. For more information, contact your CalSCHLS Regional Center (888.841.7536) or email <u>calschls@wested.org</u>.

Request Additional Reports and Data

As you review your data with stakeholders, you may find that additional data needs emerge. The following custom services are available through the CalSCHLS Regional Centers to help delve more deeply into your survey results and foster more effective use of the results in support of school and program improvement efforts and the LCAP process.

School Reports and School Climate Report Cards

If the schools in the district vary significantly in demographics, programs, or other characteristics, consider requesting individual reports for each school. Two types of reports are available:

- A full report with all the survey results
- A short, user-friendly, graphic **School Climate Report Card** that provides results across seven domains of school climate and provides an overall **School Climate Index** score based on those domains (calschls.org/reports-data/#slcr)

District School Climate Report Card

For districts that survey all their schools, a district-level School Climate Report Card can be requested. This is a powerful, useful tool for guiding efforts to meet the school climate and pupil engagement priorities for the Local Control and Accountability Plan.

Disaggregated Reports

The staff of the CalSCHLS Regional Centers can produce full reports that look at how results vary by demographic subgroups (e.g., race/ethnicity), or by other characteristics of youth, such as those who are low in academic motivation compared to those who are high. This can be valuable for identifying what subgroups need to be targeted with what resources and programs. Given the LCAP requirement that districts identify and address the needs of underserved subgroups, doing this would be a natural next step for addressing subgroup disparities.

Additional Analysis of Data

The complete dataset is available electronically for additional analysis (<u>CalSCHLS.org/reports-data</u>). The dataset enables analyses of patterns in the results, how they are interrelated, and how they vary by different subgroups of students and across schools within a district. You can also request an analysis by WestEd staff of any topic of interest.

Add Questions to Your Next Surveys

Determine what additional information is needed from students to guide school improvement efforts and add questions to your next CHKS, staff, or parent surveys. All three surveys are designed so that schools can add additional questions to help them conduct a more individualized and comprehensive assessment.

For more information about survey planning or technical assistance in understanding survey results and developing effective action plans to address identified needs, call the CalSCHLS helpline (888.841.7536) or email CalSCHLS@wested.org.

Table A1.1Student Sample for Core Module

	Grade 9	Grade 11
Student Sample Size		
Target sample	434	339
Final number	272	221
Response Rate	63%	65%

2. Summary of Key Indicators

Table A2.1

Key Indicators of School Climate and Student Well-Being

	Grade 9 %	Grade 11 %	Table
School Engagement and Supports	70	70	
School connectedness [†]	59	51	A4.5
Academic motivation [†]	64	63	A4.5
Chronic truancy (twice a month or more often)§	3	5	A4.2
Caring adult relationships [‡]	59	64	A4.5
High expectations [‡]	70	66	A4.5
Meaningful participation [‡]	27	26	A4.5
Facilities upkeep [†]	44	31	A4.12
Promotion of parent involvement in school ^{\dagger}	43	37	A4.5
School Safety			
School perceived as very safe or safe	56	51	A5.1
Experienced any harassment or bullying [§]	39	42	A5.2
Had mean rumors or lies spread about you [§]	38	37	A5.3
Been afraid of being beaten up [§]	26	16	A5.3
Been in a physical fight [§]	13	6	A5.4
Seen a weapon on campus [§]	18	19	A5.6
Substance Use and Physical/Mental Health			
Current alcohol or drug use [¶]	31	33	A6.5
Current marijuana use [¶]	20	21	A6.5
Current binge drinking [¶]	14	18	A6.5
Very drunk or "high" 7 or more times, ever	15	25	A6.7
Been drunk or "high" on drugs at school, ever	15	19	A6.9
Current cigarette smoking [¶]	5	6	A7.3
Vaping¶	25	23	A7.3
Sleep deprivation (less than 8 hours)	60	65	A8.1
Experienced chronic sadness/hopelessness§	43	47	A8.3
Considered suicide [§]	26	32	A8.4

Notes: Cells are empty if there are less than 10 respondents.

[†]Average percent of respondents reporting "Agree" or "Strongly agree."

[‡]Average percent of respondents reporting "Pretty much true" or "Very much true."

- §Past 12 months.
- ¶Past 30 days.

3. Demographics

Table A3.1

Gender of Sample

	Grade 9 %	Grade 11 %
Male	46	49
Female	54	51

Question HS/MS A.4: What is your gender? Note: Cells are empty if there are less than 10 respondents.

Table A3.2

Hispanic or Latino

	Grade 9 %	Grade 11 %
No	81	80
Yes	19	20

Question HS/MS A.6: Are you of Hispanic or Latino origin? Note: Cells are empty if there are less than 10 respondents.

Table A3.3

Race

	Grade 9 %	Grade 11 %	
American Indian or Alaska Native	3	3	
Asian	2	1	
Black or African American	1	2	
Native Hawaiian or Pacific Islander	0	0	
White	67	73	
Mixed (two or more) races	27	19	

Question HS/MS A.7: What is your race? Note: Cells are empty if there are less than 10 respondents.

Table A3.4

Living Situation

	Grade 9 %	Grade 11 %	
A home with one or more parent or guardian	93	93	
Other relative's home	3	2	
A home with more than one family	2	1	
Friend's home	0	0	
Foster home, group care, or waiting placement	0	1	
Hotel or motel	0	0	
Shelter, car, campground, or other transitional or temporary housing	1	0	
Other living arrangement	2	2	

Question HS/MS A.9: What best describes where you live? A home includes a house, apartment, trailer, or mobile home.

Note: Cells are empty if there are less than 10 respondents.

Table A3.5

Highest Education of Parents

	Grade 9 %	Grade 11 %	
Did not finish high school	8	11	
Graduated from high school	11	17	
Attended college but did not complete four-year degree	14	18	
Graduated from college	56	47	
Don't know	11	6	

Question HS/MS A.10: What is the highest level of education your parents or guardians completed? (Mark the educational level of the parent or guardian who went the furthest in school.) Note: Cells are empty if there are less than 10 respondents.

Table A3.6Free or Reduced Price Meals Eligibility

	Grade 9 %	Grade 11 %
No	58	62
Yes	33	33
Don't know	9	5

Question HS/MS A.12: Do you receive free or reduced-price lunches at school? (Receiving free or reduced-price lunches means that lunch at school is provided to you for free or you pay less for it.) Note: Cells are empty if there are less than 10 respondents.

Table A3.7Language Spoken at Home

	Grade 9 %	Grade 11 %
English	95	93
Spanish	3	6
Mandarin	0	0
Cantonese	0	0
Taiwanese	0	0
Tagalog	0	0
Vietnamese	0	0
Korean	0	0
Arabic	0	0
Other	1	0

Question HS/MS A.13: What language is spoken most of the time in your home? Note: Cells are empty if there are less than 10 respondents.

	Grade 9	Grade 11
TT 11 1	%	%
How well do you		
understand English?		
Very well	92	89
Well	8	10
Not well	0	0
Not at all	0	1
speak English?		
Very well	88	87
Well	12	11
Not well	0	0
Not at all	0	1
read English?		
Very well	87	84

Not at all	0	0
write English?		
Very well	81	80
Well	17	16
Not well	1	3
Not at all	0	0
English Language Proficiency Status		
Proficient	85	83
Not proficient	15	17

Table A3.8English Language Proficiency – All Students

Question HS/MS A.14-17: How well do you understand, speak, read, and write English?... Understand English... Speak English... Read English... Write English.

Notes: Cells are empty if there are less than 10 respondents.

English Language Proficiency was determined by creating a scale score using four survey questions - how well do you understand... speak... read... and write English. Response options are reverse coded so higher values indicate higher English proficiency level ("Not at all" (1); "Not well" (2); "Well" (3); and "Very well" (4)). The scale score was computed by averaging the survey responses. Respondents are categorized as "Proficient" or "Not Proficient" based on the English language proficiency scale.

Proficient: students with average item response > 3.5; and

Not Proficient: students with average item response ≤ 3.5 .

	Grade 9 %	Grade 11 %
How well do you		
understand English?		
Very well	64	47
Well	36	53
Not well	0	0
Not at all	0	0
speak English?		
Very well	64	40
Well	36	53
Not well	0	7
Not at all	0	0
read English?		
Very well	79	33
Well	14	67
Not well	7	0
Not at all	0	0
write English?

Not well	14	13
Not at all	0	0
English Language Proficiency Status		
Proficient	64	33
Not proficient	36	67

English Language Proficiency – Students Speaking a Language Other Than English at Home

Question HS/MS A.13-17: What language is spoken most of the time in your home?... How well do you understand, speak, read, and write English?... Understand English... Speak English... Read English... Write English. Notes: Cells are empty if there are less than 10 respondents.

English Language Proficiency was determined by creating a scale score using four survey questions - how well do you understand... speak... read... and write English. Response options are reverse coded so higher values indicate higher English proficiency level ("Not at all" (1); "Not well" (2); "Well" (3); and "Very well" (4)). The scale score was computed by averaging the survey responses. Respondents are categorized as "Proficient" or "Not Proficient" based on the English language proficiency scale.

Proficient: students with average item response > 3.5; and

Not Proficient: students with average item response ≤ 3.5 .

Table A3.9

Table A3.10Number of Days Attending Afterschool Program

	Grade 9 %	Grade 11 %	
I do not attend my school's afterschool program	84	85	
1 day	2	3	
2 days	3	4	
3 days	2	1	
2 days 3 days 4 days 5 days	2	2	
5 days	7	5	

Question HS/MS A.19: How many days a week do you usually go to your school's afterschool program? Note: Cells are empty if there are less than 10 respondents.

Table A3.11

Military Connections

	Grade 9	Grade 11
	%	%
No	96	98
Yes	3	0
Don't know	1	2

Question HS/MS A.11: Is your father, mother, or guardian currently in the military (Army, Navy, Marines, Air Force, National Guard, or Reserves)?

Note: Cells are empty if there are less than 10 respondents.

Table A3.12Sexual Orientation

	Grade 9 %	Grade 11 %
Straight (not gay)	83	79
Gay or Lesbian	1	3
Bisexual	6	6
I am not sure yet	7	5
Something else	1	3
Decline to respond	1	3

Question HS/MS A.18: Which of the following best describes you? Note: Cells are empty if there are less than 10 respondents.

Table A3.13Gender Identity

	Grade 9 %	Grade 11 %	
No, I am not transgender	94	92	
Yes, I am transgender	1	1	
I am not sure if I am transgender	2	1	
Decline to respond	3	6	

Question HS/MS A.5: Some people describe themselves as transgender when their sex at birth does not match the way they think or feel about their gender. Are you transgender? Note: Cells are empty if there are less than 10 respondents

Note: Cells are empty if there are less than 10 respondents.

4. School Performance, Supports, and Engagement

Table A4.1

Grades, Past 12 Months

	Grade %	9 Grade 11 %
Mostly A's	26	18
A's and B's	32	33
Mostly B's	8	11
B's and C's	14	22
Mostly C's	10	7
C's and D's	6	6
Mostly D's	1	3
Mostly F's	3	0

Question HS/MS A.20: During the past 12 months, how would you describe the grades you mostly received in school?

Note: Cells are empty if there are less than 10 respondents.

Table A4.2

Truancy, Past 12 Months

	Grade 9 %	Grade 11 %
0 times	77	78
1-2 times	14	11
A few times	4	7
Once a month	1	0
Twice a month	1	2
Once a week	2	1
More than once a week	0	1

Question HS/MS A.23: During the past 12 months, about how many times did you skip school or cut classes? Note: Cells are empty if there are less than 10 respondents.

Table A4.3Absences, Past 30 Days

	Grade 9 %	Grade 11 %
I did not miss any days of school in the past 30 days	41	42
1 day	25	21
1 day 2 days	20	18
3 or more days	14	20

Question HS/MS A.21: In the past 30 days, how often did you miss an entire day of school for any reason? Note: Cells are empty if there are less than 10 respondents.

Table A4.4

Reasons for Absence, Past 30 Days

	Grade 9 %	Grade 11 %
Does not apply; I didn't miss any school	39	40
Illness (feeling physically sick), including problems with breathing or your teeth	46	43
Were being bullied or mistreated at school	2	3
Felt very sad, hopeless, anxious, stressed, or angry	11	15
Didn't get enough sleep	14	18
Didn't feel safe at school or going to and from school	0	1
Had to take care of or help a family member or friend	4	2
Wanted to spend time with friends	2	2
Used alcohol or drugs	3	3
Were behind in schoolwork or weren't prepared for a test or class assignment	8	6
Were bored or uninterested in school	4	9
Had no transportation to school	2	4
Other reason	15	24

Question HS/MS A.22: In the past 30 days, did you miss a day of school for any of the following reasons? (Mark All That Apply.)

Notes: Cells are empty if there are less than 10 respondents.

Total percentages may exceed 100% for "mark all that apply" items.

Table A4.5

	Grade 9 %	Grade 11 %	Table
Total school supports	52	52	
Caring adults in school [‡]	59	64	A4.6
High expectations-adults in school [‡]	70	66	A4.7
Meaningful participation at school [‡]	27	26	A4.8
School connectedness [†]	59	51	A4.9
Academic motivation [†]	64	63	A4.10
Promotion of parent involvement in school [†]	43	37	A4.11

School Environment, School Connectedness, Academic Motivation, and Promotion of Parent Involvement Scales

Notes: Cells are empty if there are less than 10 respondents.

[†]Scales are based on average of respondents reporting "Agree" or "Strongly agree."

[‡]Scales are based on average of respondents reporting "Pretty much true" or "Very much true."

Table numbers refer to tables with item-level results for the survey questions that comprise each scale.

Table A4.6

Caring Relationships Scale Question	ons	
-------------------------------------	-----	--

	Grade 9 %	Grade 11 %
Caring adults in school		
Average reporting "Pretty much true" or "Very much true"	59	64
At my school, there is a teacher or some other adult		
who really cares about me.		
Not at all true	12	10
A little true	30	27
Pretty much true	35	32
Very much true	22	31
who notices when I'm not there.		
Not at all true	15	19
A little true	28	21
Pretty much true	34	31
Very much true	24	29
who listens to me when I have something to say.		
Not at all true	9	9
A little true	28	22
Pretty much true	34	31
Very much true	28	38

Question HS/MS A.37, 39, 41: At my school, there is a teacher or some other adult... who really cares about me... who notices when I'm not there... who listens to me when I have something to say. Note: Cells are empty if there are less than 10 respondents.

Table A4.7

High Expectations Scale Questions

	Grade 9 %	Grade 11 %
High expectations-adults in school		
Average reporting "Pretty much true" or "Very much true"	70	66
At my school, there is a teacher or some other adult		
who tells me when I do a good job.		
Not at all true	12	11
A little true	22	24
Pretty much true	38	30
Very much true	27	34
who always wants me to do my best.		
Not at all true	7	6
A little true	16	22
Pretty much true	37	30
Very much true	40	42
who believes that I will be a success.		
Not at all true	10	9
A little true	23	30
Pretty much true	32	26
Very much true	35	35

Question HS/MS A.38, 40, 42: At my school, there is a teacher or some other adult... who tells me when I do a good job... who always wants me to do my best... who believes that I will be a success. Note: Cells are empty if there are less than 10 respondents.

Table A4.8

Meaningful Participation Scale Questions

	Grade 9 %	Grade 11 %
Meaningful participation at school	70	70
Average reporting "Pretty much true" or "Very much true"	27	26
At school,		
I do interesting activities.		
Not at all true	17	20
A little true	30	30
Pretty much true	33	31
Very much true	20	20
I help decide things like class activities or rules.		
Not at all true	51	53
A little true	30	24
Pretty much true	14	16
Very much true	5	7
I do things that make a difference.		
Not at all true	33	39
A little true	37	33
Pretty much true	22	18
Very much true	8	11

1 time	3	4
2 to 3 times	6	2
4 or more times	6	3

Question HS A.58-62: During your life, how many times have you used the following?... Prescription pain medication (Vicodin, OxyContin, Percodan, Fentanyl)... Tranquilizers or sedatives (Xanax, Klonopin, Ativan, Valium)... Diet pills (Didrex, Dexedrine, Xenadrine, Skittles, M&M's)... Ritalin or Adderall or other prescription stimulant... Cold/cough medicines or other over-the-counter medicines to get "high."

Table A6.3Lifetime AOD Use - Continued

	Grade 9 %	Grade 11 %
Any other drug, pill, or medicine to get "high" or for reasons other than medical		
0 times	91	94
1 time	2	0
2 to 3 times	3	3
4 or more times	4	3

Question HS A.63/MS A.56: During your life, how many times have you used the following?... Any other drug, pill, or medicine to get "high" or for reasons other than medical. Note: Cells are empty if there are less than 10 respondents.

Table A6.4Methods of Marijuana Consumption

	Grade 9 %	Grade 11 %
During your life, how many times have you used marijuana in any of the following ways		
Smoke it?		
0 times	70	62
1 time	8	4
2 to 3 times	7	6
4 or more times	15	29
In a vaping device?		
0 times	74	66
1 time	6	6
2 to 3 times	3	4
4 or more times	17	24
Eat or drink it in products made with marijuana?		
0 times	79	74
1 time	8	3
2 to 3 times	6	9
4 or more times	7	14

Question HS A.67-69/MS A.60-62: During your life, how many times have you used marijuana in any of the following ways... Smoke it?... In a vaping device (vape pens, mods, portable vaporizers)?... Eat or drink it in products made with marijuana?

Table A6.5Current AOD Use, Past 30 Days

	Grade 9 %	Grade 11 %
Alcohol (one or more drinks of alcohol)	22	26
Binge drinking (5 or more drinks in a row)	14	18
Marijuana (smoke, vape, eat, or drink)	20	21
Inhalants	3	2
Prescription drugs to get "high" or for reasons other than prescribed	4	4
Other drug, pill, or medicine to get "high" or for reasons other than medical	5	3
Any drug use	21	22
Heavy drug use	13	16
Any AOD Use	31	33
Two or more substances at the same time	8	8

Question HS A.73-79/MS A.66-70: During the past 30 days, on how many days did you use... one or more drinks of alcohol?... five or more drinks of alcohol in a row, that is, within a couple of hours?... marijuana (smoke, vape, eat, or drink)?... inhalants (things you sniff, huff, or breathe to get "high")?... prescription drugs to get "high" or for reasons other than prescribed?... any other drug, pill, or medicine to get "high" or for reasons other than prescribed?... any other drug, pill, or medicine to get "high" or for reasons other than medical?... two or more substances at the same time (for example, alcohol with marijuana, ecstasy with mushrooms)?

Notes: Cells are empty if there are less than 10 respondents.

Heavy drug use was calculated based on pattern of combined current drug use on three or more days (marijuana, inhalants, prescription pain medicine to get "high" (high school only), or any other illegal drug/pill to get "high").

	Grade 9 %	Grade 11 %

Table A6.13Perceived Difficulty of Obtaining Alcohol and Marijuana

Question HS A.97, 98/MS A.88, 89: How difficult is it for students in your grade to get any of the following if they really want them?... Alcohol... Marijuana.

7. Tobacco Use

Table A7.1

Summary of Key CHKS Tobacco Indicators

	Grade 9 %	Grade 11 %	Table
Use Prevalence and Patterns	10	70	
Ever smoked a whole cigarette	13	18	A7.2
Current cigarette smoking [¶]	5	6	A7.3
Current cigarette smoking at school [¶]	1	2	A7.4
Ever tried smokeless tobacco	5	10	A7.2
Current smokeless tobacco use [¶]	0	2	A7.3
Current smokeless tobacco use at school [¶]	1	0	A7.4
Ever used vape products	41	44	A7.2
Current use of vape products [¶]	25	23	A7.3
Current vaping at school [¶]	17	15	A7.4
Cessation Attempts			
Tried to quit or stop using cigarettes	5	6	A7.6
Tried to quit or stop using vapes	15	17	A7.6
Attitudes and Correlates			
Harmfulness of occasional cigarette smoking ^B	28	27	A7.7
Harmfulness of smoking 1 or more packs/day ^B	78	71	A7.7
Harmfulness of vaping occasionally ^B	21	28	A7.8
Harmfulness of vaping several times a day ^B	72	69	A7.8
Difficulty of obtaining cigarettes ^C	5	8	A7.9
Difficulty of obtaining vape products ^C	4	5	A7.9
Anti-Tobacco Policy			
School bans tobacco use and vaping	73	80	A7.10

Notes: Cells are empty if there are less than 10 respondents.

¶Past 30 days.

^BGreat harm.

^CVery difficult.

Table A7.2Lifetime Tobacco Use

	Grade 9 %	Grade 11 %
A whole cigarette		
0 times	87	82
1 time	6	5
2 to 3 times	2	4
4 or more times	5	9
Smokeless tobacco

Table A7.9Perceived Difficulty of Obtaining Cigarettes and Vape Products

Question HS A.95, 96/MS A.86, 87: How difficult is it for students in your grade to get any of the following if they really want them?... Cigarettes... Vape products.

Note: Cells are empty if there are less than 10 respondents.

Table A7.10

School Bans Tobacco Use and Vaping

	Grade 9 %) Grade 11 %
No	6	8
Yes	73	80
Don't know	22	11

Question HS A.103/MS A.90: Does your school have a policy that bans tobacco use and vaping on school property and at school sponsored events?

8. Other Physical and Mental Health Risks

Table A8.1

Hours of Sleep

	Grade 9 %	Grade 11 %
4 or less hours	5	9
5 hours	11	9
6 hours	18	21
7 hours	26	25
8 hours	29	26
9 hours	10	7
10 or more hours	2	3
Sleep deprivation (less than 8 hours)	60	65

Question HS A.133/MS A.121: On an average school night, how many hours of sleep do you get? Note: Cells are empty if there are less than 10 respondents.

Table A8.2

Eating of Breakfast

	Grade 9 %	Grade 11 %
No	40	39
Yes	60	61

Question HS A.132/MS A.120: Did you eat breakfast today? Note: Cells are empty if there are less than 10 respondents.

Table A8.3

Chronic Sad or Hopeless Feelings, Past 12 Months

	Grade 9 %	Grade 11 %
No	57	53
Yes	43	47

Question HS A.130/MS A.118: During the past 12 months, did you ever feel so sad or hopeless almost every day for two weeks or more that you stopped doing some usual activities? Note: Cells are empty if there are less than 10 respondents.

Table A8.4Seriously Considered Attempting Suicide, Past 12 Months

	Grade 9 %	Grade 11 %
No	74	68
Yes	26	32

Question HS A.131/MS A.119: During the past 12 months, did you ever seriously consider attempting suicide? Note: Cells are empty if there are less than 10 respondents.

Table A8.5

Gang Involvement

	Grade %	9 Grade 11 %
No	92	94
Yes	8	6

Question HS A.129/MS A.117: Do you consider yourself a member of a gang? Note: Cells are empty if there are less than 10 respondents.

9. Race/Ethnic Breakdowns

Alcohol and Other Drugs (AOD) Module

1. Module Sample

Table B1.1

Student Sample for AOD Module

	Grade 9	Grade 11
Student Sample Size		
Target sample	434	339
Final number	260	208
Response Rate	60%	61%

2. Summary of Key Indicators

Table B2.1

Key Indicators of Alcohol and Other Drug Use

	Grade 9 %	Grade 11 %	Table
Alcohol and Marijuana Consumption Patterns			
Usually drank until felt it a lot	9	15	B3.3
Usually used marijuana or other drugs until felt it a lot	13	12	B3.4
Consequences of AOD Consumption			
Caused one or more problems	14	19	B4.2
Caused one or more dependency-related experiences	19	25	B4.3
Supports to Reduce AOD Use			
Very likely to find help at school for quitting or reducing use	17	15	B5.2
Strong Personal Disapproval of AOD Use			
Having one or two drinks of any alcoholic beverage nearly every day	42	46	B7.1
Trying marijuana once or twice	21	14	B7.1
Using marijuana once a month or more	38	24	B7.1

3. Alcohol, Tobacco, and Marijuana Consumption Patterns

Table B3.1

Age of Onset – AOD Use

	Grade 9 %	Grade 11 %
Alcohol (one full drink)		
Never	52	42
10 years or under	10	4
11-12 years old	17	9
13-14 years old	19	20
15-16 years old	1	22
17 years or older	1	2
Marijuana (smoke, vape, eat, or drink)		
Never	65	59
10 years or under	3	0
11-12 years old	12	2
13-14 years old	18	20
15-16 years old	2	17
17 years or older	1	1
Any other illegal drug or pill to get "high"		
Never	86	88
10 years or under	2	0
11-12 years old	1	0
13-14 years old	9	4
15-16 years old	0	6
17 years or older	1	1

Question HS/MS B.1, 4, 5: About how old were you the first time you tried any of these things?... A drink of an alcoholic beverage (other than a sip or two)... Marijuana (smoke, vape, eat, or drink)... Any other illegal drug or pill to get "high."

Table B3.2Age of Onset – Tobacco Use

	Grade 9 %	Grade 11 %
Smoked part or all of a cigarette		
Never	84	79
10 years or under	4	2
11-12 years old	4	2
13-14 years old	7	7
15-16 years old	1	9
17 years or older	1	1
A vape product such as an e-cigarette, vape pen, or mod		
Never	60	56
10 years or under	3	0
11-12 years old	9	3
13-14 years old	26	14
15-16 years old	0	25
17 years or older	2	1

Question HS/MS B.2, 3: About how old were you the first time you tried any of these things?... Part or all of a cigarette... A vape product such as an e-cigarette (JUUL), vape pen, or mod. Note: Cells are empty if there are less than 10 respondents.

Table B3.3

Usual Alcohol Consumption Level

	Grade 9 %	Grade 11 %	
I don't drink alcohol	68	60	
Just enough to feel it a little	11	12	
Enough to feel it moderately	12	13	
Until I feel it a lot or get really drunk	9	15	

Question HS/MS B.6: If you drink alcohol, how much do you usually drink? Note: Cells are empty if there are less than 10 respondents.

Table B3.4

Usual Marijuana Consumption Level

	Grade 9 %	Grade 11 %
I don't use drugs	71	67
Just enough to feel a little high	6	9
Enough to feel it moderately	10	13
Until I feel it a lot or get really high	13	12

Question HS B.7: If you use marijuana or other drugs, how "high" (stoned, faded, wasted, trashed) do you usually like to get?

Note: Cells are empty if there are less than 10 respondents.

Table B3.5

Vaping Substances

	Grade 9 %	Grade 11 %	
I've never used a vaping device or e-cigarette	65	58	
Nicotine or tobacco substitute	25	31	
Marijuana or THC	19	22	
Amphetamines, cocaine, or heroin	1	2	
A flavored product without nicotine, alcohol, or other drug	15	17	
Any other product or substance	2	2	
I was not sure what was in the vaping device or e-cigarette	9	5	

Question HS B.31/MS B.25: Have you ever used a vaping device or e-cigarette to consume any of the follow-ing? (Mark All That Apply.)

Notes: Cells are empty if there are less than 10 respondents.

4. Reasons for and Consequences of AOD Consumption

Table B4.1

Reasons for AOD Use in the Past 12 Months

	Grade 9 %	Grade 11 %
Does not apply, I haven't used alcohol, marijuana, or other drugs in the past 12 months.	60	54
To experiment (try using)	19	18
To get high	18	21
To have a good time with friends	24	37
To fit in with a group you like	4	5
Because of boredom	13	16
To relax	20	22
To get away from problems	16	20
Because of anger or frustration	10	12
To get through the day	13	9
Because it made you feel better	16	23
To seek deeper insights and understanding	9	10
None of the above	4	5

Question HS B.8/MS B.7: Have you used alcoholic beverages, marijuana, or other drugs in the past 12 months for any of the following reasons? (Mark All That Apply.)

Notes: Cells are empty if there are less than 10 respondents.

Table B4.2

Problems Caused by AOD Use

	Grade 9 %	Grade 11 %
Does not apply; I've never used alcohol or drugs	64	57
I've used alcohol or drugs but never had any problems	23	27
Have problems with emotions, nerves, or mental health	5	9
Get into trouble or have problems with the police	2	4
Have money problems	1	4
Miss school	1	4
Have problems with schoolwork	3	5
Fight with others	2	3
Damage a friendship	4	3
Physically hurt or injure yourself	4	6
Have unwanted or unprotected sex	2	4
Forget what happened or pass out	6	11
Been suspended from school	2	3
One or more problems	14	19

Question HS B.9: Has using alcohol, marijuana, or other drugs ever caused you to have any of the following problems? (Mark All That Apply.)

Notes: Cells are empty if there are less than 10 respondents.

Table B4.3

Alcohol or Other Drug Use Caused Negative Experiences

	Grade 9 %	Grade 11 %
Does not apply; I have not used alcohol or drugs	69	62
I use alcohol or drugs but have not experienced any of these things	14	18
Found you had to increase how much you use to have the same effect as before	10	15
Frequently spent a lot of time getting, using, or being hung over from using alcohol or other drugs	4	6
Used alcohol or drugs a lot more than you intended	7	11
Used alcohol or drugs when you were alone	14	15
Your use of alcohol or drugs often kept you from doing a normal activity	3	3
You didn't feel OK unless you had something to drink or used a drug	2	4
Thought about reducing or stopping use	8	13
Told yourself you were not going to use but found yourself using anyway	4	10
Spoke with someone about reducing or stopping use	2	8
Attended counseling, a program, or group to help you reduce or stop use	1	2
One or more negative experiences	19	25

Question HS B.10: If you use alcohol, marijuana, or another drug, have you had any of the following experiences? (Mark All That Apply.)

Notes: Cells are empty if there are less than 10 respondents.

Table B4.4

5 1717	5	
	Grade 9 Grade 11 % %	
Very likely	30 47	
Likely	41 31	
Not likely	11 8	
Don't know	18 14	

Likelihood of Suspension, Expulsion, Transfer Because of AOD Use/Possession

Question HS B.13: In your opinion, how likely is it that a student will be suspended, expelled, or transferred if caught on school property using or possessing alcohol or other drugs? Notes: Cells are empty if there are less than 10 respondents.

5. Supports to Reduce AOD Use

Table B5.1

Needed Counseling for Use

	Grade 9 %	Grade 11 %
No, I never used alcohol or other drugs	68	63
No, but I do use alcohol or other drugs	30	35
Yes, I have felt that I needed help	2	3

Question HS B.11: Have you ever felt that you needed help (such as counseling or treatment) for your alcohol or other drug use?

Note: Cells are empty if there are less than 10 respondents.

Table B5.2Likelihood of Finding Help at School for Quitting or Reducing Use

	Grade %	e 9 Grade 11 %
Very likely	17	15
Likely	39	38
Not likely	16	25
Don't know	28	22

Question HS B.12: In your opinion, how likely is it that a student could find help at your school from a counselor, teacher, or other adult to stop or reduce using alcohol or other drugs? Note: Cells are empty if there are less than 10 respondents.

Table B5.3

Talked with Parent About AOD Use

	Grade 9 %	Grade 11 %
No	31	42
Yes	69	58

Question HS B.19/MS B.13: During the past 12 months, have you talked with at least one of your parents or guardians about the dangers of alcohol or drug use? Note: Cells are empty if there are less than 10 respondents.

6. Availability

Table B6.1

Sources for Obtaining Alcohol

	Grade 9 %	Grade 11 %
At school	16	15
At parties	36	58
At concerts or other social events	10	17
At their own home	44	53
From adults at friends' homes	21	40
From friends or another teenager	47	57
Get adults to buy it for them	23	42
Buy it themselves from a store	17	21
At bars, clubs, or gambling casinos	2	3
Other	18	17
Don't know	46	37

Question HS B.14/MS B.8: How do most students at your school who drink alcohol usually get it? (Mark All That Apply.)

Notes: Cells are empty if there are less than 10 respondents.

Table B6.2

Sources for Obtaining Marijuana

	Grade 9 %	Grade 11 %
At school	35	40
At parties	33	47
At concerts or other social events	12	22
At their own home	34	50
From an adult acquaintance	29	45
From friends or another teenager	50	59
Buy it at a marijuana dispensary	20	26
At bars or clubs	2	5
Other	18	14
Don't know	45	38

Question HS B.15/MS B.9: How do most kids at your school who use marijuana usually get it? (Mark All That Apply.)

Notes: Cells are empty if there are less than 10 respondents.

7. Influences on ATOD Use

Table B7.1

Personal Disapproval of AOD Use

	Grade 9 %	Grade 11 %
Having one or two drinks of any alcoholic beverage nearly every day	70	//0
Neither approve nor disapprove	36	38
Somewhat disapprove	22	17
Strongly disapprove	42	46
Trying marijuana once or twice		
Neither approve nor disapprove	58	68
Somewhat disapprove	21	19
Strongly disapprove	21	14
Using marijuana once a month or more regularly		
Neither approve nor disapprove	43	53
Somewhat disapprove	19	23
Strongly disapprove	38	24

Question HS B.16-18/MS B.10-12: How do you feel about someone your age doing the following?... Having one or two drinks of any alcoholic beverage nearly every day... Trying marijuana once or twice... Using marijuana once a month or more regularly.

Table B7.2Parent Disapproval of ATOD Use

	Grade 9	Grade 11
	%	%
Take one or two drinks of alcohol nearly every day		
Very wrong	72	72
Wrong	20	18
A little wrong	7	8
Not at all wrong	2	3
Smoke tobacco		
Very wrong	82	74
Wrong	14	19
A little wrong	5	5
Not at all wrong	0	2
Use vape products such as e-cigarettes, vape pens, or mods		
Very wrong	76	73
Wrong	15	17
A little wrong	6	7
Not at all wrong	2	3
Use marijuana (smoke, vape, eat, or drink)		
Very wrong	68	59
Wrong	14	17
A little wrong	11	14
Not at all wrong	7	9
Use prescription drugs to get high or for reasons other than prescribed		
Very wrong	87	86
Wrong	9	9
A little wrong	2	4
Not at all wrong	1	1

Question HS B.21-25/MS B.15-19: How wrong do your parents or guardians feel it would be for you to do the following?... Take one or two drinks of alcohol nearly every day... Smoke tobacco... Use vape products such as e-cigarettes (JUUL), vape pens, or mods... Use marijuana (smoke, vape, eat, or drink)... Use prescription drugs to get high or for reasons other than prescribed.

Table B7.3Peer Disapproval of ATOD Use

	Grade 9 %	Grade 11 %
Take one or two drinks of alcohol nearly every day	70	70
Very wrong	42	45
Wrong	25	22
A little wrong	21	20
Not at all wrong	12	13
Smoke tobacco		
Very wrong	51	49
Wrong	22	29
A little wrong	18	14
Not at all wrong	10	9
Use vape products such as e-cigarettes, vape pens, or mods		
Very wrong	40	38
Wrong	17	21
A little wrong	21	20
Not at all wrong	23	21
Use marijuana (smoke, vape, eat, or drink)		
Very wrong	38	33
Wrong	17	18
A little wrong	24	18
Not at all wrong	21	31
Use prescription drugs to get high or for reasons other than prescribed		
Very wrong	58	58
Wrong	21	23
A little wrong	11	13
Not at all wrong	11	7

Question HS B.26-30/MS B.20-24: How wrong would your close friends feel it would be if you did the following?... Take one or two drinks of alcohol nearly every day... Smoke tobacco... Use vape products such as e-cigarettes (JUUL), vape pens, or mods... Use marijuana (smoke, vape, eat, or drink)... Use prescription drugs to get high or for reasons other than prescribed.

	Grade 9 %	Grade 11 %
No	15	32
Yes	85	68

Table B7.4Heard, Read, or Watched Any Anti-ATOD Messages, Past 12 Months

Question HS B.20/MS B.14: During the past 12 months, have you heard, read, or watched any messages about not using alcohol or drugs?

Drug-Free Communities (DFC) Module

1. Module Sample

Table G1.1

Student Sample for DFC Module

	Grade 9	Grade 11
Student Sample Size		
Target sample	434	339
Final number	245	194
Response Rate	56%	57%

2. Prescription Drug Use

Table G2.1

Prescription Drug Use, Past 30 Days

	Grade 9 %	Grade 11 %
No	94	96
Yes	6	4

Question HS/MS G.2: During the past 30 days, have you used prescription drugs not prescribed to you? Note: Cells are empty if there are less than 10 respondents.

3. Disapproval of Prescription Drug Use

Table G3.1

Parental Disapproval of Prescription Drug Use

	Grade 9 %	Grade 11 %
Very wrong	81	83
Wrong	14	11
A little wrong	5	2
Not at all wrong	0	4

Question HS/MS G.4: How wrong do your parents feel it would be for you to use prescription drugs not prescribed to you?

Note: Cells are empty if there are less than 10 respondents.

Table G3.2

Peer Disapproval of Prescription Drug Use

	Grade 9 %	Grade 11 %
Very wrong	53	62
Wrong	30	24
A little wrong	12	7
Not at all wrong	6	7

Question HS/MS G.5: How wrong do your friends feel it would be for you to use prescription drugs not prescribed to you?

4. Perceived Harm from Marijuana and Prescription Drug Use

Table G4.1

Perceived Risks Associated with Marijuana and Prescription Drug Use

	Grade 9 %	Grade 11 %
Smoke marijuana once or twice a week	<i>//</i>	70
Great risk	23	21
Moderate risk	44	30
Slight risk	21	28
No risk	13	21
Use prescription drugs that are not prescribed to them		
Great risk	63	70
Moderate risk	26	18
Slight risk	8	8
No risk	3	4

Question HS/MS G.1, 3: How much do you think people risk harming themselves physically or in other ways if they smoke marijuana once or twice a week?... How much do you think people risk harming themselves physically or in other ways if they use prescription drugs that are not prescribed to them? Note: Cells are empty if there are less than 10 respondents.

School Climate Module

1. Module Sample

Table N1.1

Student Sample for School Climate Module

	Grade 9	Grade 11
Student Sample Size		
Target sample	434	339
Final number	264	214
Response Rate	61%	63%

2. Key Indicators of School Climate

Table N2.1

School Climate Scales

	Grade 9 %	Grade 11 %	Table
Supports for learning [†]	48	43	N3.1
Student learning engagement [†]	21	20	N3.2
Fairness and respect for diversity [†]	37	30	N4.1
Racial/Ethnic conflict [†]	7	12	N4.2
Appreciation of racial/ethnic differences [†]	52	39	N4.3
Clarity of rules [†]	53	52	N5.1
Disciplinary harshness [†]	30	32	N5.2
Student peer relationships [†]	42	37	N6.1
Supports for social and emotional learning ^{\dagger}	40	30	N7.1
Anti-bullying climate [†]	32	30	N8.1
Supports for college and career planning ^{\dagger}	44	32	N9.1
Quality of physical environment [†]	44	33	N10.1
Time for lunch [†]	50	43	N11.1

Notes: Cells are empty if there are less than 10 respondents.

Table numbers refer to tables with item-level results for the survey questions that comprise each scale. [†]*Average percent of respondents reporting "Agree" or "Strongly agree."*

3. Supports for Learning & Student Academic Engagement

Table N3.1

Supports for Learning Scale Questions

	Grade 9 %	Grade 11 %
Supports for learning		
Average reporting "Agree" or "Strongly agree"	48	43
Adults at this school encourage me to work hard so I can be successful in college or at the job I choose.		
Strongly disagree	7	10
Disagree	9	11
Neither disagree nor agree	24	29
Agree	44	38
Strongly agree	15	13
My teachers work hard to help me with my schoolwork when I need it.		
Strongly disagree	6	11
Disagree	8	8
Neither disagree nor agree	29	29
Agree	45	42
Strongly agree	12	9
Teachers show how classroom lessons are helpful to students in real life.		
Strongly disagree	14	19
Disagree	16	23
Neither disagree nor agree	36	25
Agree	27	26
Strongly agree	8	6

Question HS/MS N.2-4: How strongly do you agree or disagree with the following statements about your school?... Adults at this school encourage me to work hard so I can be successful in college or at the job I choose... My teachers work hard to help me with my schoolwork when I need it... Teachers show how classroom lessons are helpful to students in real life.

Table N3.1

Supports for Learning Scale Questions – Continued

	Grade 9 %	Grade 11 %
Teachers give students a chance to take part in classroom discussions or activities.	70	70
Strongly disagree	6	9
Disagree	5	3
Neither disagree nor agree	27	29
Agree	46	46
Strongly agree	16	13
This school is a supportive and inviting place for students to learn.		
Strongly disagree	7	10
Disagree	11	15
Neither disagree nor agree	33	38
Agree	37	30
Strongly agree	11	8
Teachers go out of their way to help students.		
Strongly disagree	10	15
Disagree	12	15
Neither disagree nor agree	39	33
Agree	30	26
Strongly agree	10	12
Teachers help students catch up when they return from an absence.		
Strongly disagree	14	17
Disagree	16	21
Neither disagree nor agree	34	28
Agree	27	26
Strongly agree	9	8

Question HS/MS N.5-8: How strongly do you agree or disagree with the following statements about your school?... Teachers give students a chance to take part in classroom discussions or activities... This school is a supportive and inviting place for students to learn... Teachers go out of their way to help students... Teachers help students catch up when they return from an absence.

Table N3.1Supports for Learning Scale Questions – Continued

	Grade 9 %	Grade 11 %	
My teachers give me useful feedback on my work.			
Strongly disagree	8	15	
Disagree	14	17	
Neither disagree nor agree	33	29	
Agree	34	32	
Strongly agree	10	8	

Question HS/MS N.9: How strongly do you agree or disagree with the following statements about your school?... My teachers give me useful feedback on my work.

Table N3.2

Student	Learning	Engagement	Scale	Questions

	Grade 9 %	Grade 11 %
Student learning engagement		
Average reporting "Agree" or "Strongly agree"	21	20
Students at this school are motivated to learn.		
Strongly disagree	10	16
Disagree	23	24
Neither disagree nor agree	46	43
Agree	16	15
Strongly agree	4	1
Students pay attention in class.		
Strongly disagree	6	11
Disagree	24	25
Neither disagree nor agree	49	45
Agree	18	18
Strongly agree	2	1
Students try their best in school.		
Strongly disagree	7	11
Disagree	22	21
Neither disagree nor agree	52	52
Agree	18	15
Strongly agree	2	1

Question HS/MS N.1, 45, 46: How strongly do you agree or disagree with the following statements about your school?... Students at this school are motivated to learn... Students pay attention in class... Students try their best in school.

Table N3.2

	Grade 9	Grade 11
	%	%
Students usually follow the rules at school.		
Strongly disagree	8	10
Disagree	25	21
Neither disagree nor agree	45	49
Agree	18	19
Strongly agree	3	1
Students turn in their homework on time.		
Strongly disagree	6	8
Disagree	16	18
Neither disagree nor agree	53	49
Agree	22	25
Strongly agree	3	0

Student Learning Engagement Scale Questions – Continued

Question HS/MS N.47, 48: How strongly do you agree or disagree with the following statements about your school?... Students usually follow the rules at school... Students turn in their homework on time. Note: Cells are empty if there are less than 10 respondents.

Table N3.3

School Promotes Academic Success

	Grade 9 %	Grade 11 %	
This school promotes academic success for all students.			
Strongly disagree	4	10	
Disagree	10	11	
Neither disagree nor agree	37	41	
Agree	39	31	
Strongly agree	10	7	

Question HS/MS N.49: How strongly do you agree or disagree with the following statements about your school?... This school promotes academic success for all students.

4. Fairness and Respect for Diversity

Table N4.1

Fairness and Respect for Diversity Scale Questions

	Grade 9	Grade 11
	%	%
Fairness and respect for diversity		
Average reporting "Agree" or "Strongly agree"	37	30
Adults at this school treat all students with respect.		
Strongly disagree	9	15
Disagree	16	19
Neither disagree nor agree	39	35
Agree	26	27
Strongly agree	10	4
Students treat teachers with respect.		
Strongly disagree	15	19
Disagree	28	32
Neither disagree nor agree	41	38
Agree	13	10
Strongly agree	3	1
The school rules are fair.		
Strongly disagree	6	10
Disagree	8	14
Neither disagree nor agree	33	33
Agree	42	36
Strongly agree	10	7
All students are treated fairly when they break school rules.		
Strongly disagree	11	15
Disagree	15	14
Neither disagree nor agree	29	37
Agree	36	27
Strongly agree	10	6

Question HS/MS N.10-13: How strongly do you agree or disagree with the following statements about your school?... Adults at this school treat all students with respect... Students treat teachers with respect... The school rules are fair... All students are treated fairly when they break school rules. Note: Cells are empty if there are less than 10 respondents.

Table N4.2

Racial/Ethnic	Conflict S	Scale Questions
---------------	------------	-----------------

	Grade 9 %	Grade 11 %
Racial/Ethnic conflict		
Average reporting "Agree" or "Strongly agree"	7	12
I have been disrespected by an adult at this school because of my race, ethnicity, or culture.		
Strongly disagree	44	43
Disagree	27	28
Neither disagree nor agree	22	20
Agree	5	6
Strongly agree	2	3
There is a lot of tension in this school between people of different cultures, races, or ethnicities.		
Strongly disagree	29	29
Disagree	35	26
Neither disagree nor agree	29	30
Agree	6	10
Strongly agree	2	5

Question HS/MS N.35, 36: How strongly do you agree or disagree with the following statements about your school?... I have been disrespected by an adult at this school because of my race, ethnicity, or culture... There is a lot of tension in this school between people of different cultures, races, or ethnicities.

Table N4.3

Appreciation of Racial/Ethnic Differences Scale Questions

	Grade 9 %	Grade 11 %
Appreciation of racial/ethnic differences		
Average reporting "Agree" or "Strongly agree"	52	39
Students in this school respect each other's differences.		
Strongly disagree	10	14
Disagree	12	13
Neither disagree nor agree	32	43
Agree	37	23
Strongly agree	9	7
Adults in this school respect differences in students.		
Strongly disagree	5	9
Disagree	5	10
Neither disagree nor agree	27	34
Agree	47	38
Strongly agree	15	10
Teachers show that they think it is important for students of different races and cultures at this school to get along with each other.		
Strongly disagree	6	8
Disagree	7	10
Neither disagree nor agree	40	42
Agree	35	33
Strongly agree	12	7

Question HS/MS N.37-39: How strongly do you agree or disagree with the following statements about your school?... Students in this school respect each other's differences (for example, gender, race, culture, sexual orientation)... Adults in this school respect differences in students (for example, gender, race, culture, sexual orientation)... Teachers show that they think it is important for students of different races and cultures at this school to get along with each other.

Table N4.4Restorative Practices

	Grade 9 %	Grade 11 %
When there is a conflict between people, this school tries to make sure all sides are heard to help resolve the conflict.		
Strongly disagree	7	14
Disagree	14	17
Neither disagree nor agree	47	45
Agree	27	23
Strongly agree	5	2

Question HS/MS N.50: How strongly do you agree or disagree with the following statements about your school?... When there is a conflict between people, this school tries to make sure all sides are heard to help resolve the conflict (like restorative practices).

5. Disciplinary Environment

Table N5.1

Clarity of Rules Scale Questions

	Grade 9 %	Grade 11 %
Clarity of rules		
Average reporting "Agree" or "Strongly agree"	53	52
This school clearly informs students what would happen if they break school rules.		
Strongly disagree	6	11
Disagree	15	13
Neither disagree nor agree	24	25
Agree	41	41
Strongly agree	14	10
Rules in this school are made clear to students.		
Strongly disagree	4	6
Disagree	13	10
Neither disagree nor agree	35	35
Agree	40	42
Strongly agree	9	7
This school makes it clear how students are expected		
to act.		
Strongly disagree	4	6
Disagree	5	7
Neither disagree nor agree	36	33
Agree	44	45
Strongly agree	10	9

Question HS/MS N.14, 18, 19: How strongly do you agree or disagree with the following statements about your school?... This school clearly informs students what would happen if they break school rules... Rules in this school are made clear to students... This school makes it clear how students are expected to act. Note: Cells are empty if there are less than 10 respondents.

Table N5.2

Disciplinary Harshness Scale Questions

	Grade 9 %	Grade 11 %
Disciplinary harshness		
Average reporting "Agree" or "Strongly agree"	30	32
The rules in this school are too strict.		
Strongly disagree	12	9
Disagree	33	30
Neither disagree nor agree	37	41
Agree	13	14
Strongly agree	5	6
It is easy for students to get kicked out of class or get suspended.		
Strongly disagree	7	9
Disagree	19	20
Neither disagree nor agree	40	38
Agree	26	26
Strongly agree	8	6
Students get in trouble for breaking small rules.		
Strongly disagree	8	8
Disagree	15	14
Neither disagree nor agree	40	35
Agree	26	35
Strongly agree	11	8

Question HS/MS N.15-17: How strongly do you agree or disagree with the following statements about your school?... The rules in this school are too strict... It is easy for students to get kicked out of class or get suspended... Students get in trouble for breaking small rules.

6. Student Peer Relationships

Table N6.1

Student Peer Relationships Scale Questions

	Grade 9	Grade 11
	%	%
Student peer relationships		
Average reporting "Agree" or "Strongly agree"	42	37
Students enjoy doing things with each other during school activities.		
Strongly disagree	5	7
Disagree	7	10
Neither disagree nor agree	32	35
Agree	47	41
Strongly agree	10	7
Students care about each other.		
Strongly disagree	5	10
Disagree	11	14
Neither disagree nor agree	38	40
Agree	36	32
Strongly agree	9	5
Students treat each other with respect.		
Strongly disagree	7	9
Disagree	15	21
Neither disagree nor agree	46	42
Agree	27	26
Strongly agree	5	2
Students get along well with each other.		
Strongly disagree	6	9
Disagree	12	15
Neither disagree nor agree	49	40
Agree	29	33
Strongly agree	5	3

Question HS/MS N.20-23: How strongly do you agree or disagree with the following statements about your school?... Students enjoy doing things with each other during school activities... Students care about each other... Students treat each other with respect... Students get along well with each other. Note: Cells are empty if there are less than 10 respondents.

7. Social and Emotional Learning

Table N7.1

Supports for Social and Emotional Learning Scale Questions

	Grade 9 %	Grade 11 %
Supports for social and emotional learning		
Average reporting "Agree" or "Strongly agree"	40	30
This school encourages students to feel responsible for how they act.		
Strongly disagree	5	10
Disagree	13	11
Neither disagree nor agree	33	36
Agree	41	37
Strongly agree	8	5
Students are often given rewards for being good.		
Strongly disagree	18	26
Disagree	23	26
Neither disagree nor agree	38	32
Agree	17	13
Strongly agree	3	3
This school encourages students to understand how others think and feel.		
Strongly disagree	10	20
Disagree	15	19
Neither disagree nor agree	39	39
Agree	30	19
Strongly agree	6	3

Question HS/MS N.24-26: How strongly do you agree or disagree with the following statements about your school?... This school encourages students to feel responsible for how they act... Students are often given rewards for being good... This school encourages students to understand how others think and feel. Note: Cells are empty if there are less than 10 respondents.

Table N7.1

Supports for Social and Emotional Learning Scale Questions – Continued

	Grade 9	Grade 11
	%	%
Students are taught that they can control their own behavior.		
Strongly disagree	4	8
Disagree	10	17
Neither disagree nor agree	33	40
Agree	44	32
Strongly agree	8	4
This school helps students resolve conflicts with one another.		
Strongly disagree	8	15
Disagree	17	28
Neither disagree nor agree	44	35
Agree	25	18
Strongly agree	5	3
This school encourages students to care about how others feel.		
Strongly disagree	5	15
Disagree	12	19
Neither disagree nor agree	42	37
Agree	34	26
Strongly agree	7	3
Teachers here make it clear to students that bullying is not tolerated.		
Strongly disagree	6	12
Disagree	10	13
Neither disagree nor agree	34	30
Agree	37	32
Strongly agree	13	12

Question HS/MS N.27-30: How strongly do you agree or disagree with the following statements about your school?... Students are taught that they can control their own behavior.... This school helps students resolve conflicts with one another... This school encourages students to care about how others feel... Teachers here make it clear to students that bullying is not tolerated.

8. School Anti-Bullying Climate

Table N8.1

Anti-Bullying Climate Scale Questions

	Grade 9 %	Grade 11 %
Anti-bullying climate		
Average reporting "Agree" or "Strongly agree"	32	30
If another student was bullying me, I would tell one of the teachers or staff at school.		
Strongly disagree	12	14
Disagree	19	24
Neither disagree nor agree	31	32
Agree	26	22
Strongly agree	12	9
Students tell teachers when other students are being bullied.		
Strongly disagree	13	16
Disagree	21	26
Neither disagree nor agree	46	37
Agree	17	17
Strongly agree	4	4
If I tell a teacher that someone is bullying me, the teacher will do something to help.		
Strongly disagree	6	10
Disagree	7	12
Neither disagree nor agree	42	36
Agree	37	30
Strongly agree	9	12

Question HS/MS N.31-33: How strongly do you agree or disagree with the following statements about your school?... If another student was bullying me, I would tell one of the teachers or staff at school... Students tell teachers when other students are being bullied... If I tell a teacher that someone is bullying me, the teacher will do something to help.

Table N8.1 Anti-Bullying Climate Scale Questions – Continued

	Grade 9 %	Grade 11 %
Students here try to stop bullying when they see it happening.		
Strongly disagree	10	18
Disagree	18	19
Neither disagree nor agree	47	38
Agree	21	19
Strongly agree	4	5

Question HS/MS N.34: How strongly do you agree or disagree with the following statements about your school?... Students here try to stop bullying when they see it happening. Note: Cells are empty if there are less than 10 respondents.

9. College and Career Planning

Table N9.1

Supports for College and Career Planning Scale Questions

	Grade 9 %	Grade 11 %
Supports for college and career planning		
Average reporting "Agree" or "Strongly agree"	44	32
This school has helped me put my college and career goals and experiences in a plan which I update every year.		
Strongly disagree	7	14
	9	17
Disagree	-	-
Neither disagree nor agree	38	36
Agree	33	25
Strongly agree	12	7
This school has helped me learn about colleges, how to apply to them, and get financial aid if I need it.		
Strongly disagree	11	19
Disagree	14	17
Neither disagree nor agree	39	36
Agree	27	23
Strongly agree	9	4
This school has helped me think about and explore future career options.		
Strongly disagree	6	14
Disagree	9	17
Neither disagree nor agree	35	34
Agree	37	28
Strongly agree	13	7

Question HS/MS N.52-54: How strongly do you agree or disagree with the following statements about your school?... This school has helped me put my college and career goals and experiences in a plan which I update every year... This school has helped me learn about colleges, how to apply to them, and get financial aid if I need it... This school has helped me think about and explore future career options. Note: Cells are empty if there are less than 10 respondents.

10. School Physical Environment

Table N10.1

Quality of Physical Environment Scale Questions

	Grade 9 %	Grade 11 %
Quality of physical environment		
Average reporting "Agree" or "Strongly agree"	44	33
My school is usually clean and tidy.		
Strongly disagree	8	16
Disagree	20	28
Neither disagree nor agree	29	24
Agree	33	28
Strongly agree	11	4
The schoolyard and buildings are clean and in good condition.		
Strongly disagree	8	13
Disagree	10	21
Neither disagree nor agree	34	33
Agree	38	29
Strongly agree	10	4
The school grounds are kept clean.		
Strongly disagree	6	15
Disagree	14	18
Neither disagree nor agree	39	34
Agree	32	30
Strongly agree	9	3

Question HS/MS A.29, N.40, 44: How strongly do you agree or disagree with the following statements?... My school is usually clean and tidy.... How strongly do you agree or disagree with the following statements about your school?... The schoolyard and buildings are clean and in good condition... The school grounds are kept clean.

Table N10.2Classroom Crowding

	Grade 9 %	Grade 11 %
My classroom is so crowded it is hard to concentrate and learn.		
Strongly disagree	16	16
Disagree	40	33
Neither disagree nor agree	32	36
Agree	9	12
Strongly agree	4	3

Question HS/MS N.41: How strongly do you agree or disagree with the following statements about your school?... My classroom is so crowded it is hard to concentrate and learn. Note: Cells are empty if there are less than 10 respondents.

11. Scheduled Lunch and Drinkable Water

Table N11.1

Time for Lunch Scale Questions

	Grade 9 %	Grade 11 %
Time for lunch		
Average reporting "Agree" or "Strongly agree"	50	43
I eat my lunch at the right time of day.		
Strongly disagree	10	14
Disagree	14	10
Neither disagree nor agree	28	32
Agree	36	38
Strongly agree	12	6
I have plenty of time to eat my lunch.		
Strongly disagree	13	19
Disagree	12	11
Neither disagree nor agree	23	28
Agree	39	33
Strongly agree	13	9

Question HS/MS N.42, 43: How strongly do you agree or disagree with the following statements about your school?... I eat my lunch at the right time of day... I have plenty of time to eat my lunch. Note: Cells are empty if there are less than 10 respondents.

Table N11.2Clean and Drinkable Water

	Grade 9 %	Grade 11 %
This school has clean and drinkable water.		
Strongly disagree	7	6
Disagree	7	7
Neither disagree nor agree	24	28
Agree	46	40
Strongly agree	15	18

Question HS/MS N.51: How strongly do you agree or disagree with the following statements about your school?... This school has clean and drinkable water.

Appendix

CHKS Content Overview, 2019-20

This brief guide to key CHKS Core Module indicators is designed to help survey users more easily understand and interpret their findings.¹ References are provided to the tables in CHKS reports where results for the indicators discussed can be found. References are also made to other relevant CHKS reports, factsheets, and resources that can be downloaded from the CalSCHLS website (calschls.org) for further information. What Works Briefs that provide guidance on best practices related to areas assessed by the survev are available from the California Safe and Supportive Schools website (californias3.wested.org/tools/wwb).

Special attention is directed toward indicators related to the requirements of California's Local Control and Accountability Plans (LCAP).² For a summary of state-level LCAP-related baseline CHKS data, see Factsheet #15.³

MAIN CONTENT FOCUS: SCHOOL CLIMATE AND THE NEEDS OF THE WHOLE CHILD

The main purpose of the CHKS Core Module is to assess indicators of school climate, pupil engagement, and student supports, all three key priorities required of LCAP. It seeks to provide schools with essential data to determine the degree to which they provide the conditions and supports that all youth need to succeed in school and developmentally thrive. Twenty-nine items assessing seven domains are used to calculate a School Climate Index (SCI) score that is included in a *School Climate Report Card* that districts can request at the district and school level.⁴ The items used in the SCI assess school connectedness, developmental supports (e.g., caring adult relationships), and safety, including bullying and victimization.

School climate, as measured by the CHKS, is strongly related to student performance on standardized academic tests. Data for high school students show that as CHKS SCI scores increased—as the schools became safer, more supportive, and more engaging—test performance increased as well.⁵

In a ground-breaking analysis, a positive school climate was a distinguishing characteristic of California secondary schools that "beat the odds" academically and consistently performed better on the state's standardized tests than *would be predicted* based on the characteristics of their students (i.e., comparing schools with similar student demographics). The higher (more positive) the CHKS SCI, the greater the probability there was for beating the odds. School climate was more strongly associated with beating the odds than a school's level of personnel resources.⁶

In addition, the CHKS Core Module provides data to help understand the degree to which schools address the needs of the Whole Child. CHKS data show that California secondary schools made greater progress in raising standardized test scores over a one-year period when they had higher percentages of students

¹ To see how local results compare with state averages in California, download a copy of the latest Biennial State CHKS report (calschls.org/reports-data/#biennial_statewide_student_reports). The Biennial State data are derived from a randomly-selected, representative state sample. County level reports are also available on the CHKS website. Biennial State CHKS data can also be examined interactively on the CalSCHLS Data Dashboard (calschls.org/reports-data/dashboard/).

who reported: (1) being less engaged in risky behaviors such as substance use and violence; (2) being more likely to eat nutritiously and exercise; and (3) experiencing caring adult relationships and high expectations at school.⁷ These results suggest that addressing the health and developmental needs of youth is a critical component of a comprehensive strategy for meeting accountability demands for improved academic performance.

GRADE-LEVEL PATTERNS

More than twenty years of survey administration has demonstrated that as youth progress through secondary school, they become: (1) less likely to report feeling connected to school and be academically motivated; and (2) more likely to report truancy, involvement in substance use, and chronic sadness and hopelessness. Here are some additional grade-level patterns in CHKS data:

- Seventh graders report the highest rates of harassment and victimization, as well as participation in a physical fight and seeing a weapon on campus.
- Ninth graders report the lowest rates of developmental support and perceived safety.
- Nontraditional (continuation school) students report risk behavior (e.g., binge drinking, fighting at school) prevalence rates at least twice those of 11th graders in traditional comprehensive high schools.⁸ They also exhibit lower perceived school safety, school connectedness, and developmental supports. Continuation school students are a highly vulnerable population in need of a wide range of academic, social, emotional, and behavioral supports and intervention services.⁹

DEMOGRAPHIC CHARACTERISTICS AND POPULATION SUBGROUP DIFFERENCES (Section 3)

A wide range of indicators of the demographic and background characteristics of the survey respondents help users gain a better sense of how representative the survey sample is compared to the student population overall. They also enable users to analyze how survey results vary by important subgroups in the school and help them to identify, and target programs for, youth most in need. School districts can use these data to meet the LCAP requirement to demonstrate actions across state priorities in regard to socioeconomically disadvantaged students, English learners, and foster youth, as well as other indicators such as race/ethnicity, homeless youth, and LGBTQ youth.

In the standard CHKS report, breakdowns for selected key indicators are provided by race/ethnicity and gender. For selected key indicators, the CalSCHLS Data Dashboard (<u>calschls.org/reports-data/dashboard/</u>) can be used to display subgroup differences by gender, race/ethnicity, parental education, parent military status, homeless status, afterschool participation, gender identity, and sexual orientation. Results can also be displayed for English learners, free and reduced-priced meal eligible students, and foster youth–three important LCAP priority subgroups. Districts/schools can also subscribe to the District CalSCHLS private data dashboard to disaggregate their CHKS results by demographic subgroups for each school (call 888.841.7536 or email CalSCHLS@wested.org).

⁷ Hanson & Austin. (2003). Download <u>data.calschls.org/resources/FACTSHEET-3.pdf</u>

⁸ In interpreting the results for 11th graders, note that many youth who are most disengaged and involved in high risk behaviors may have already dropped out of school or did not participate in the survey because of truancy or absenteeism.

⁹ Austin, Dixon, & Bailey. (2007). Download <u>data.calschls.org/resources/FACTSHEET-7.pdf</u>

Racial-Ethnic Identification

Respondents self-report their identification with six racial/ethnic groups plus mixed (two or more) race. In one study of CHKS data, both academic performance and school well-being—the degree to which students feel safe at, supported by, and connected to the school—varied consistently and persistently across schools by racial/ethnic groupings.¹⁰ They were lowest in schools with large proportions of African American and Hispanic students, as well as in low-income schools. Controlling for socioeconomic status and other school demographic characteristics reduced these racial/ethnic group differences, but they still remained. This suggests that school climate factors related to student well-being may also play a role in the racial/ethnic achievement gap. One strategy to close the gap may be to enhance learning supports that foster caring adult relationships, high expectations, meaningful participation, safety, and connectedness in schools serving large proportions of low-income African American and Hispanic students.

In the majority of cases, with notable exceptions for Asians, *the racial/ethnic gaps in performance, engagement, perceived support, and safety are greater within-schools than between-schools.*¹¹ African American, Latino, and Asian students feel less safe, engaged, and supported than their White peers *within the same school*. Inequities in these factors, for the various racial/ethnic groups, can possibly contribute to the achievement gap. Further, these findings suggest that practices designed to ensure equal access to academic resources, opportunities, learning supports, and promotion of common experiences may be effective in ameliorating the gap.

Foster Care Youth

Compared to youth who live with their parents, foster care youth report much higher rates of substance abuse, poor school attendance and grades, more violence-related behaviors, more harassment, and higher depression risk. ¹² They were also more likely to be low in caring adult relationships and total developmental support.

Sexual Orientation and Gender Identity

Lesbian, gay, bisexual, transgender, and questioning or queer (LGBTQ) youth are at elevated risk for bullying and violence victimization, mental health problems, drug and alcohol use, and exhibiting poor performance in school.^{13 14} For example, analysis of the latest Biennial CHKS data indicate that LGBTQ youth¹⁵ are:

- about 30 percentage points more likely than non-LGBTQ youth to experience harassment and bullying at school;
- 30-to-40 percentage points more likely to exhibit chronic sadness;
- 2-to-3 times more likely to smoke cigarettes, binge drink, and to have been drunk or high at school; and
- receive substantially fewer social supports from teachers and peers at school than their counterparts who do not identify as LGBTQ.

¹⁵ See <u>calschls.org/reports-data/dashboard/</u>

¹⁴ Russell, S. T., & Fish, J. N. (2016). Mental health in lesbian, gay, bisexual, and transgender (LGBT) youth. *Annual Review of Clinical Psychology*, *12*, 465-487.

Because of such disparities, it is important to examine disparities across LGBTQ and non-LGBTQ youth to identify needs and support the development of practices that promote the healthy development and safety of all youth.

SCHOOL PERFORMANCE, SUPPORTS, AND ENGAGEMENT (Section 4)

A major focus of the CHKS is providing data to gauge the level of pupil engagement, an LCAP state priority on which districts are required to show improvement. Enhancing student engagement has been identified as the key to addressing problems of low achievement, high levels of student misbehavior, alienation, and high dropout rates.¹⁶ A 2009 Gallup study found that a one-percentage-point uptick in a school's average student engagement was connected to a six-point increase in reading achievement and eight points in math.¹⁷ CHKS and other surveys consistently show that as youth progress through the school system, indicators of engagement decline.

It is important to look at engagement from three perspectives: behavioral, emotional, and cognitive. The CHKS provides data on all three types. As discussed below, the Academic Motivation scale and self-reported grades provide insight into cognitive engagement; the School Connectedness scale into emotional engagement; and attendance and truancy data into behavioral engagement. Other behavioral engagement indicators on the survey include substance use at school and violence perpetration. Research shows that student engagement is malleable and that all three types of engagement are influenced by the level to which students perceive the school as having a positive environment.

The CHKS Developmental Supports scales provide insight into whether students experience in their school the three protective factors (caring relationships, high expectations, and opportunities for meaningful participation) that characterize a positive school climate and are linked to school connectedness and positive academic, behavioral, and health outcomes. Other school climate factors assessed are the level of parent involvement and the quality of the school physical environment, both also LCAP priorities. The likelihood that students will be motivated and engaged is increased to the extent that their teachers, family, and friends effectively support their purposeful involvement in learning and in school.

Self-Reported Grades

The CHKS asks students to indicate what grades they mostly received in school in the past 12 months. Although self-reports are not as accurate as actual report card data, they provide a general sense of the school performance of the survey respondents from their self-perception. To learn more about the factors that might be causing poor performance, request a CHKS report showing how all the survey results vary by level of performance (call 888.841.7536 or email CalSCHLS@wested.org).

Academic Motivation

A four-item scale gauges student academic motivation by asking how strongly they agree that they try hard to do well on schoolwork, try hard because they are interested in the work, work hard to understand new things at school, and always try to do better. On the 2015-17 State CHKS, the percentage of students strongly agreeing with the questions on this scale declined from 45 percent in 7th grade to 28 percent in 11th.¹⁸

¹⁸ Austin, Hanson, Polik, & Zheng. (2018). Download <u>data.calschls.org/resources/Biennial State 1517.pdf</u>

In order to achieve rigorous academic goals, students need not only a challenging and engaging curriculum, but they need to be emotionally connected to their learning. Student perceptions of the school environment and their degree of school connectedness influence their achievement motivation. But students may be behaviorally and/or emotionally invested in a given activity without actually exerting the necessary mental effort to understand and master the knowledge, craft, or skill that the activity promotes. This scale provides insight into the overall level of that mental effort.

In addition, the supplementary School Climate Module includes an Academic Mindset and Learning Engagement scale and a series of questions about supports for learning and academic rigor.

Absenteeism and Truancy

Before good teachers with quality curriculums and engaging activities can improve academic performance, the students have to show up. The CHKS provides data to identify what proportion of respondents are at risk of chronic absenteeism (missed 2 or more days during the past 30 days), what were the reasons for absences, and the level of truancy. Users can request reports looking at the characteristics of youth based on absenteeism and truancy indicators to guide efforts to improve the LCAP pupil engagement priority (call 888.841.7536 or email CalSCHLS@wested.org).

Poor attendance is a marker of a wider variety of other problems, including low school connectedness and learning engagement. Both the US Department of Education and the California Office of the Attorney General have launched initiatives designed to raise awareness about and combat chronic absenteeism, generally defined as missing 10 percent of school days. According to a report by Attendance Works, the nation's large and persistent achievement gaps are rooted in a largely hidden crisis of chronic absenteeism, especially among low-income and minority children.¹⁹

Biennial State CHKS data indicate that the most common reasons for being absent in secondary school, after illness, are generally not getting enough sleep and anxiety or stress, followed by being behind in school work, and being bored or uninterested in school, another good indicator of disengagement.²⁰

Truancy has been identified as one of the most powerful predictors of both poor achievement and delinquency.²¹ Students who are chronically absent are also more likely to use drugs and have deviant friends. Among high school staff statewide, truancy is the top-rated of fourteen potential school problems assessed by the California School Staff Survey.

Developmental Supports

Research shows that when schools (or families or communities) provide three developmental supports caring adult relationships, high expectations, and opportunities for meaningful participation students are more likely to report more positive academic, social-emotional, and health outcomes, including higher grades, school connectedness, attendance, and perceived safety. CHKS measures these supports using multi-item scales. Results overall suggest that the great majority of students do not receive

sufficient levels of support and that the supports received are lower in high school than in middle school, even though student need for them is arguably higher.²² ²³ ²⁴ ²⁵ ²⁶ ²⁷

School Connectedness

School connectedness is one of the indicators of school climate that a California school district must address in its LCAP. Research shows that school connectedness is associated with multiple positive academic, social-emotional, and health outcomes.²⁸ It also shows that youth who feel safe at school, experience caring adults, and have opportunities for engagement and other developmental supports are more likely to feel connected to the school. The CHKS five-item School Connectedness scale is an important differentiator between low-performing and high-performing high schools and has value as an indicator of school quality. The online Query CalSCHLS system (calschls.org/reports-data/query-calschls/) enables examination of how key survey indicators vary by school connectedness.

School connectedness appears to have increased in California in the second half of the last decade, but it still declines markedly after elementary school. A substantial majority of high school students are not highly connected to their schools. On the 2015-17 State CHKS, the average percentage of students strongly agreeing to these scale questions declined from 28 percent in 7th grade to 15 percent in 11th, a decline similar to that found for the Academic Motivation scale.²⁹ This may be related at least in part to their lower levels of developmental support. Prior analyses have indicated that the lowest rates of both connectedness and test scores are in low-income schools.^{30 31}

Parent Involvement

Parent involvement, including promoting parental participation in school programs, is one of the LCAP state priorities. A three-item scale assesses student perceptions (level of agreement) of three components of parent involvement: teachers communicating with parents about what students are expected to learn in class, parents feeling welcome to participate at this school, and school staff taking parent concerns seriously. The same questions also are asked on the staff and parent surveys so that perceptions can be compared across all three stakeholder groups. A large and growing body of evidence has linked school success to the manner and degree to which a school communicates with parents, engages them both in school activities and education, and fosters a school climate that parents perceive as warm, inviting, and helpful.³²

Facilities and Physical Environment

As an indicator of student perceptions of the school's physical environment, the CHKS includes a question asking students how much they agree the school "is usually clean and tidy." Additional questions are included in the supplementary School Climate Module. An analysis of 2015/16 data from the questions on both modules found that a plurality of students report that their school facilities are in good condition,

but a non-trivial minority of students were dissatisfied with the condition of their school facilities.³³ Between 20 percent and 25 percent of students disagree or strongly disagree on the quality of the physical environment items. Almost one-third of schools serving 11th graders were categorized as having low quality physical environments based on student reports on the clean and tidy item. Student perceptions of the quality of their school's physical environment were strongly related to student achievement.

SCHOOL VIOLENCE, VICTIMIZATION, AND SAFETY (Section 5)

The CHKS asks students a wide range of questions to ascertain the scope and nature of physical and verbal violence and victimization that occurs on campus, as well as vandalism, and the overall level of school safety.³⁴ Physical violence and weapons on campus have long been a major public concern. Equally disruptive are the uncounted acts of bullying, teasing, and other nonviolent misbehavior among youth, such as substance use and sales on campus.³⁵ These behaviors adversely affect not only students' ability to learn and willingness to attend school, but also the overall school environment, the ability of teachers to teach, and the willingness of adults to enter the teaching profession.^{36 37 38}

Perceived Safety

Perceived safety is another indicator that districts/schools are required to monitor as part of their LCAP school climate priority. School safety is more than the antithesis of violence. Perceived school safety is psychological as well as physical. Feelings of insecurity can have multiple sources, not all of which correctly reflect the level of danger and violence on a school campus, such as verbal bullying. Both physical and psychological safety are essential for high quality teaching and learning. It is a key factor in students feeling connected to school. Another indicator important for attendance is the percentage of students who report missing school because they didn't feel safe (Table A4.4).

State CHKS data show that the percentage of students who perceive their school as safe or very safe has consistently been markedly lower for 7th than 9th grade.³⁹ If students report low levels of perceived school safety, further examination of all the indicators related to bullying and victimization is warranted. Consider conducting follow-up student voice and feedback sessions such as focus groups or Student Listening Circles and integrating questions on why students do not feel safe.⁴⁰

Harassment and Victimization

Most of the safety-related questions on the survey assess victimization. Because a relatively small number of students can victimize a large number of their peers, victimization questions provide important insight into the overall school climate. Nonviolent harassment in any form—threats, intimidation, rumors, and ostracism—can instill a sense of vulnerability, isolation, frustration, and fear among its victims, leading to engagement in health risk behaviors or avoidance behaviors such as missing school and social isolation. This type of misbehavior, vastly more common than any other, ruins the school day for many students. In

³³ Hanson & Austin. (2016). Download <u>calschls.org/docs/facilities122216.pdf</u>

³⁴ The CHKS also includes two violence-related questions that are not school based: the frequency students experienced cyberbullying and whether they are gang members.

Bruised Inside (2000), the National Association of Attorneys General describes harassment by peers as one of the two causes for kids to express anger using guns, knives, and fists.⁴¹

The CHKS asks about the frequency with which students experienced any bullying/harassment related to six bias-related categories (gender, race/ethnicity, disability, sexual identity, religion, immigrant status), as well as for any other reason (Table A5.2). About three-in-ten secondary students report experiencing some harassment in the past year on the State CHKS, with the percentages declining between 7th and 11th grades.⁴² Analyses show that victims of harassment are more likely to not feel safe at, and connected to, school; to have higher truancy; and to experience lower developmental (resilience) supports at school.⁴³ ⁴⁴ They report higher rates of fighting and weapons possession at school, as well as risk of depression. Students who report bias-related harassment, particularly for disability and sexual orientation, have poorer well-being than students who were only harassed for other reasons.

Different forms of verbal harassment at school are assessed by asking students about: mean rumors or lies; sexual-related jokes, comments, or gestures; being made fun of because of looks or speech; and, more generally, being made fun of, insulted or called names. Physical victimization is assessed by questions about having been pushed/shoved, threatened with harm or injury (without or without weapon), and being afraid of being beaten up. Students are also asked whether they have ever been in a physical fight as a measure of general violence.

The supplementary School Climate Module includes Bullying Prevention and Respect for Diversity scales to provide insight into what the school is doing to reduce the problem.

Vandalism and Weapons

Two other safety-related areas assessed by the survey are school vandalism and weapons possession. Students are asked whether they damaged school property or had their property damaged at school and whether they carried a knife or other weapon to school or observed someone else doing these things. Overall, weapons possession is not common. Statewide, only about two percent of secondary students report carrying a gun and 4-5 percent report carrying another weapon.⁴⁵ About 16 percent of 7th and 9th graders report seeing someone carrying a weapon compared to 13 percent of 11th graders.

SUBSTANCE USE AND MENTAL HEALTH (Sections 6-8)

Two important barriers to learning, positive youth development, and health are assessed: substance use and mental health.

Alcohol and Other Drug Use (Section 6)

The misuse of alcohol and other drugs (AOD) continues to be among the most important issues confronting the nation. For schools, the problem is particularly relevant. Years of research have shown that adolescent substance use is closely connected to academic performance and contributes to raising the level of truancy and absenteeism, special education, disciplinary problems, disengagement and dropout rates, teacher turnover, and property damage.

⁴¹ Horn, D. M., National Association of Attorneys General., & Washington (State). (2000). *Bruised inside: What our children say about youth violence, what causes it, and what we need to do about it: A report of the National Association of Attorneys General (NAAG).* Washington, DC: National Association of Attorneys General.

Reflecting this, on the California School Staff Survey, 39 percent of high school staff statewide reported that alcohol and drug use are a moderate to severe problem at their school.⁴⁶

Alcohol and Other Drug Use at School (Section 6)

AOD use at school is especially troubling. This is behavior that threatens not only the user's learning ability but also the school's efforts to educate all youth. It also is an indirect indicator of school disengagement. An analysis of CHKS data found that substance use and intoxication at school, being offered drugs at school, and lifetime intoxication were significantly related to changes in California achievement test scores one year later.⁴⁷ Schools with proportionately large numbers of students who reported these behaviors exhibited smaller gains in test scores than other schools.^{48 49}

Cigarette Smoking (Section 7)

Students who report smoking cigarettes are significantly more likely than those who do not to engage in alcohol and other drug use, be involved in violence and gang membership, and experience school-related problems and disengagement. To a lesser extent, students who smoke are also more likely to be victims of violence and harassment, feel unsafe at school, and experience incapacitating sadness and loneliness. These results suggest that efforts to reduce student smoking may be more successful if embedded in approaches that address a broad range of risk behaviors and problems.^{50 51}

Mental Health (Section 8)

The CHKS Core provides two measures for assessing mental health among students: (1) whether they experience chronic, incapacitating sadness or hopelessness; and (2) whether they ever contemplated suicide. Students who experience chronic sadness, compared to their peers who do not, are at elevated risk of a wide range of educational, health, social, and emotional problems, including lower school attendance, performance, and connectedness.⁵² They also report lower levels of the developmental supports in their schools and communities that have been shown to mitigate these problems. Similar findings are found among youth who have contemplated suicide.⁵³

CHKS data also show that students who report bias-related harassment, particularly for disability and sexual orientation, have poorer overall mental health than students who are harassed for other reasons or not harassed. Students who report any harassment are about twice as likely to experience chronic sadness/hopelessness than their non-harassed peers.^{54 55}

See also the percentage of students who report missing school because they "felt very sad, hopeless, anxious, stressed, or angry." In addition, the supplementary School Climate Module includes a Social and Emotional Supports scale that provides insight from students on what the school does to help promote mental health and foster of social-emotional competencies.
