   Vote:_____________________________________

   *Background:*
   The State Allocation Board approves periodic adjustments to the maximum developer fee rate required by Government Code Section 65995(b)(3). The amount of the adjustment is determined by the change in the Class B construction index. State Law allows school districts to charge the maximum Level 1 fees if a Developer Fee Justification Study is completed and, thereby, justifies the fee. The high school district has not increased fees since 2008 in recognition of the economic downturn.

   A justification report was prepared by Jack Schreder and Associates and presented to the Board at the October 2014 meeting during the public hearing. A majority of the elementary school districts have completed a similar study and have recommended a fee increase. At the October meeting several board members requested further research from staff on various issues, and the item was tabled to this meeting.

   (Board Discussion)_______________________
   Vote:___________________________________

   **Background:**
   Staff is requesting the Board waive the first reading of this administrative regulation which is part of the August 2014 updates from CSBA. This regulation addresses the high school equivalency assessments. The District would like to offer the HiSET assessment and become a testing center for the exam (see Item #2 below). In order to prepare to start this option by January 2015 we would like to have the regulation and MOU approved this month.

2. MOU – HiSET (Johnson)
Shall the Board approve the Memorandum of Understanding between Educational Testing Service and the Nevada Joint Union High School District to approve the District as a Test Center to administer the HiSET assessments for the period December 1, 2014 to December 31, 2016?
